The Committee made a number of recommendations for accelerating the process of these schemes. The main recommendations were to set up five or six new EPZs and to allow EPZ Units to sell 25% of production in Domestic Tariff Area. These recommendations have been implemented.

The Kaul Committee was set up to look into the problems of the Kandla Free Trade Zone with a view to suggest measures to

The major recommendations of the Kaul Committee included extension of Income-Tax Holiday for a period of five years; permission to sell a part of the production of Kandla units in Home-Market; reimbursement of Central Sales Tax; providing of permanent import-policy frame work; working capital at concessional rates; payment of transport subsidy on percentage basis etc. All these recommendations have been implemented by the Government. Units in Kandla FTZ, as in other zones, enjoy corporate tax holiday for a period of 5 years in a block of 8 years; Central Sales Tax paid on purchase from outside the State is reimbursed by the Zone Administration, import of capital goods, raw materials, consumables etc. are permitted in the zone under OGL on a regular basis and working credit facility is available for a period of 180 days without production of export orders.

While the Kaul Committee recommended a separate Act for Kandla Trade Zone, the Tandon Committee recommended creation of a Central Unified Authority for the development and administration of all the Export Processing Zones, including Kandla. This suggestion is under consideration of the Government.
