Title: Regarding provision of clinical rotation facilities for Indian students pursuing MBBS professional degree in China-laid.

SHRI RAJMOHAN UNNITHAN (KASARAGOD): This is to draw the kind attention of the Government towards the problems being faced by Indian students and their parents pursuing their MBBS Professional degree in China. Thousands of students who were returned for their winter break in January 2020 remained stuck here since Covid tightened its grip and now they are more anxious about lifting of the travel restrictions by Beijing. Meanwhile, these foreign medical Graduates (FMGs) continue their classes and exams online, the lack of access to hands-on practical classes puts a big question mark on their future as medical doctors. As the sufferings of these FMGs continue due to the pandemic, I request the authorities to take necessary action to provide them with clinical rotation facilities in Govt and private Hospitals in India, till they return to Beijing for their offline classes. These Parents and students have already brought their grievances to the notice of the concerned authorities and Ministries of the GOI.
