Title: Regarding inclusion of Balurghat Railway Station under Station Redevelopment Project -laid.

DR. SUKANTA MAJUMDAR (BALURGHAT): I raise the demand to include the Balurghat Railway Station under Station Redevelopment Project and develop Balurghat Railway Station with infrastructure facilities including drinking water, passenger shed, display board, construction of separate toilet for women, air-conditioned waiting room and hotel. The Buniadpur Railway station has only one railway platform which creates problem to passengers while boarding/deboarding at the railway platform. Therefore, I request the Ministry of Railways to sanction the construction of at least 3 new platforms with permanent shades equipped with all other basic public amenities/facilities at the Buniadpur Railway station.
