Title: Regarding alleged rape and murder of a nine year old girl in Delhi-laid.

PROF. SOUGATA RAY (DUM DUM): A nine-year-old girl in Delhi was allegedly raped, murdered and forcibly cremated in Nangal village of Delhi Cantonment area. According to police, the girl had stepped out of her house at around 5:30 pm on Sunday to get cold water from the water cooler at the crematorium but never returned. At 6 pm, the priest of the crematorium and 2-3 other persons known to the mother of minor girl called her to the crematorium and showed the girl's body, saying that she got electrocuted while drinking water from the water cooler. As per police, victim's mother stated that there were injury marks on her wrist and elbow and that her lips were wounded. Initially, police tried to cover the heinous crime. I urge upon the Government to take stringent actions against such crimes and book the culprits immediately.
