Title: Regarding infrastructural issues pertaining to some Post Offices in Mavelikkara Parliamentary Constituency-laid.

**SHRI KODIKUNNIL SURESH (MAVELIKKARA):** I am inviting the attention of the ministry of communications towards the most urgent matters pertaining to four post offices, 1) Vazhappalli, 2) Edathua, 3) Mannar, 4) Kunnikode, located in my Lok Sabha constituency, Mavelikkara, Kerala under Kerala Postal Circle. These four post offices immediately require renovation and reconstruction and modernization as they have become dilapidated due to ageing and are affected by incessant rains and lack of repair works necessitating new buildings.

The buildings in which these post offices are located are dilapidated, old and lack basic infrastructure and are in urgent need of modernization to meet the demands. Despite repeated communication, the process for modernization and construction of new buildings for these post offices has not commenced along with non-sanction of funds in the current financial year. Therefore, I request the Government for urgently sanctioning funds for constructing new post office buildings and remove any hindrance or delay in approving proposals sent to appropriate authorities in Kerala postal circle so that construction work could commence immediately.
