Title: Regarding completion of pending works on National Highways -  
laid.

**KUMARI SHOBHA KARANDLAJE (UDUPI CHIKMAGALUR):**

Government is investing Rs 1,16,144 crores in Karnataka for the development of highways and roads in the coming years. I request the Government to complete the pending works on NH 66, NH 169 and 169A as soon as possible and allow the same to be used by public. I also request that signboards at 32 black spots identified on NH 66 be installed. I also urge for the completion of sanctioned projects as early as possible like Widening to two lane with paved shoulder from existing intermediate lane of NH 169 between Thirthahalli and Sringeri and providing permanent restoration of valley side slips and occurred during monsoon on NH 73 between Chikmagalur district border and Kottigehara in Charmadi Ghat Section. I urge the Government to allocate adequate funds for early completion of these projects.
