Title: Request to start central Government Health Scheme Unit with wellness centres at Nashik Parliamentary Constituency, Maharashtra.

SHRI HEMANT TUKARAM GODSE (NASHIK): Thank you, Madam Chairperson, for giving me this opportunity.

I would like to raise an important issue relating to opening of Central Government Health Scheme Unit with Wellness Centres at Nashik.

In my Nashik district, there are thousands of Central Government employees, and retired workers and officers who have to go to Mumbai or Pune several times for their health claim and compliance, which leads to wastage of their time and money.

It is pertinent to say that in Nashik district, the total Central Government Health Scheme card holders are near about 26,000, and the beneficiaries would be around one lakh.

So, through you, hon. Chairperson Madam, I would like to request the hon. Health Minister to take immediate steps to start Central Government Health Scheme unit with some Wellness Centres in Nashik at the earliest.

Thank you.
