Title: Regarding protest by farmers against the farm laws-laid.

SHRI ANUMULA REVANTH REDDY (MALKAJGIRI) : Farmers from across the country are protesting against the three farm laws forcefully passed by the central government. Lakhs of farmers are sitting in protest at Delhi borders for more than 100 days. Kisan Mahapanchayat is happening across the country. Our country which believes in the idea of 'Jai Jawaan Jai Kisaan' have left its farmer to die in the cold winter and now approaching hot summers at Delhi Borders. These are the farmers who made India self-sufficient in food grains, our Anna Data (अन्न-दाता) are forced to die on roads protesting for their basic right. More than 270 farmers have lost their lives protesting against the three farm laws forced on them. I request the government to compensate the families of the farmers who lost their life protesting against the three farm laws and at the same time they should be honoured as 'Farm Martyrs'
