Title: Request to scrap the current new North East Industrial and Investment Promotion Policy and bring back the previous policy.

SHRI GAURAV GOGOI (KALIABOR): Thank you, hon. Chairperson, Sir.

The North East India needs a new North East Industrial and Investment Promotion Policy. The current Policy has not led to any new private sector investment for North East. Various State Governments have had many Summits, as also Assam, which have yielded only MoUs but not created any new investments or jobs.

The previous North East Industrial and Investment Promotion Policy under Dr. Manmohan Singh, was extremely useful and it is still credited as a successful Policy by the private sector in North East India.

I urge upon the Central Government to scrap the current Policy and bring the provisions of the NEIIPP as it was under Dr. Manmohan Singh.
