Title: Issue regarding completion of Subarnarekha irrigation project.

ER. BISHWESWAR TUDU (MAYURBHANJ): Sir, this is a project involving inter-States, namely Subarnarekha Irrigation Project, between Jharkhand and Odisha. It is a matter of regret that, though 32 years have passed, this project work could not be completed. Also, some of the people, who have lost their lands, have not been rehabilitated properly.

My request to the hon. Minister, through you, is to look into this matter seriously so that the work can be completed and the public will be benefited. Thank you.
