Title: Demand to release funds for the construction of Railway Over Bridge (ROB) and broad gauge railway line between Chhindwara and Sagar, MP.

**SHRI NAKUL KAMAL NATH (CHHINDWARA):** Through you, hon. Speaker, Sir, I would like to ask the hon. Minister of Railways about the status of releasing the share of funds of Rs. 12.5 crore from the Department of Railways for the purpose of construction of a railway overbridge in the city of Chhindwara. The purpose of my asking for such a small amount is that the construction of 2000-beds super-speciality hospital has just started and if there is any delay in the construction of this railway overbridge, the construction of the said super-speciality hospital will also be delayed.

My second question to the hon. Minister of Railways is regarding the status of budget allocation of Rs. 4800 crore for the construction of a broad gauge railway line of 280 kilometres in length, between Chhindwara and Sagar, to strengthen the railway network between these two major districts of Madhya Pradesh.
