Title: Demand to construct more number of roads under the Prime Minister village Roads Scheme in Ramanathapuram Parliamentary Constituency, Tamil Nadu.

***SHRI K. NAVASKANI (RAMANATHAPURAM):** Hon. Speaker Sir, Thank you for this opportunity. In my Ramanathapuram parliamentary constituency, farmers are facing lots of challenges in getting the insurance claims for their damaged crops due. Whether there is no rain or heavy rains, the farmers do not get adequate compensation with regard to the crop insurance claims. Agricultural Insurance Company of India is a Government of India enterprise. The losses incurred by the farmers are to be assessed by this Company in a meticulously. Farmers did not get fertilizers in adequate quantity this year. Union Government has also not allocated sufficient quantity of fertilizers to Tamil Nadu in the right time. I urge that, in times to come, adequate quantities of fertilizers should be allocated to Tamil Nadu at the right time. In the Prime Minister Village Roads Scheme, the length and breadth specifications vary in size, making the approval process difficult for village roads. Ramanathapuram district is a backward district in my constituency. There is a need for better roads in good number in my constituency. I therefore request that the length and breadth specifications should be relaxed so as to get more number of roads approved to be constructed under the Prime Minister Village Roads Scheme. Thank you for this opportunity.
