Title: Regarding CBI enquiry into alleged corruption in appointment of upper primary teachers through School Service Commission in West Bengal.

DR. SUBHAS SARKAR (BANKURA): Respected Speaker, Sir, I am very thankful to you on behalf of the people of my *Kshetra* and West Bengal. I would like to speak in Bengali.

*Respected Speaker Sir, I am very thankful to you on behalf of West Bengal and my constituency Bankura. I would like to speak in Bengali. In West Bengal, a serious corruption is going on in the matter of appointment of upper primary teachers through SSC (School Service Commission). The examiners who are deputed are asked to put the marks in pencil and then they are signing with ink pen. They are professors and even few former Vice-Chancellors As a result, the genuinely talented or meritorious students, the poor students are not getting jobs. The influential members of the ruling party are dictating terms and they are appointing teachers as per their whims and fancies. This is a serious and major scam. Therefore CBI investigation into the matter should be conducted immediately. Moreover I demand polygraphic test of the examiners and forensic test of the answer scripts. Only then the truth can be revealed. Thank you sir.
