Title: Regarding utilization of Aadhaar data-laid.

DR. D. RAVIKUMAR (VILUPPURAM): In the Economic Survey Vol.-I page 94 it has been mentioned that “Undoubtedly the data revolution envisioned here is going to cost funds. Although the social benefits would far exceed the cost to the Government, at least a part of the generated data should be monetized to ease the pressure on Government finances.” This is not only shocking but also completely against the supreme court ruling on Aadhaar. Selling the data of citizens is equal to selling him/her. No Government or authority has the right to sell its citizen’s data. It is nothing but a state sponsored slave trade. This should be stopped forthwith.
