Title: Regarding salary of Kasturba Gandhi Balika Vidyalaya Schools' employees and regularization of services of KGBV workers.

SHRI B.B. PATIL (ZAHIRABAD): I would like to bring to your kind notice that in my Telangana State, there are about 475 Kasturba Gandhi Balika Vidyalaya schools and 96 junior colleges, educating near about 1,71,000 girl students. This is a great contribution of the Government *nara* - Beti Bachao Beti Padhao. These schools are run by 60 Central Government and 40 per cent State Government contribution. Near about 14,250 women employees work round the clock for this divine aim, but the Government is not doing justice to these workers. Employees work round the clock, but very low salaries are paid to them. Moreover, they have no job security as they are appointed on contractual basis. I request the hon. Minister to provide justice to the KGBV workers by giving equal salary for equal work and regularize the KGBV workers at the earliest.
