Title: Regarding unutilized Land acquired for Railway Coach Factory in Kanjikode, Palakkad

SHRI V. K. SREEKANDAN (PALAKKAD): Sir, a total of 236 acres of land had been acquired for a rail coach factory at Kanjikode in Palakkad district more than a decade ago. This project appears in the pink book of railways and even a token amount of Rs. 1000 has been earmarked every year.

But the acquired land is still lying unutilised even today. Therefore, it is urged that the Railways put up any other project on the said land which would create not only employment to people but also will meet the requirements of the Railways.
