Access Control of Vehicles

Modern Security Gadgets are installed in the vicinity of Iron Gates within the Parliament House Estate. These security gadgets, equipped with safety features, are designed to allow access to LMV-NT vehicles viz. Motor Cars, Jeeps, SUVs only. As an additional security feature, Radio Frequency Tags have

been issued to all authorized vehicles and accordingly, access control of vehicles is regulated through RF Readers installed at the locations. To ensure safety and security of Members of Parliament and their vehicles, it has been decided that vehicles other than those subscribing to LMV-NT category viz. Motor Cars, Jeeps, SUVs (carrying authorized Car Parking Label and Radio Frequency Tag), would not be permitted to gain access through Iron Gates of Parliament House Estate.

Kind co-operation of Members is solicited.

Guidelines for Members to familiarize with the operation of Security Gadgets in Parliament House Complex

1. Modern Security Gadgets have been installed in the Parliament House Complex to restrict unauthorized entry.
2. A distance of at least five feet between two vehicles may be maintained while crossing the Boom Barrier as the system allows clearance of only one vehicle at a time. In case any vehicle accidentally hits the Boom Barrier, the driver must **STOP** the vehicle immediately.
3. Kindly adhere to the speed limits displayed at appropriate locations while entering through security gadgets. Members are requested to brief their drivers accordingly.
4. Occupants of vehicles are to be identified at the second Boom Barrier. Members are accordingly requested to stop for checking at Boom Barrier-II.
5. It may be ensured that the speed of the vehicle does not exceed 10 kmph till the vehicle crosses the last gadget at the Iron Gates. The gadgets are designed in such a manner that they may get activated immediately in an emergency. In case the speed of vehicles exceeds the speed limit of 10 kmph, it may be difficult for the person driving the vehicle to bring the vehicle safe halt. **Impact against the Tyre Killers and Road Blockers can cause serious damage to the vehicle and injuries to the occupants.**
6. Security Power Fence (SPF) has been installed in the entire perimeter of PH Complex. The power fence will give a deterrent shock (as per internationally permissible standards) to any person coming in contact with the fence. Kindly avoid coming close to the power fence.
