

(b) India has been collaborating with Poland in the development of coking coal mines in India. Sudamdih and Monidih coking coal mines in the central part of Jharia coalfield have been developed with Polish collaboration.

The Central Mine Planning and Design Institute in collaboration with Polish experts, has prepared a feasibility report for the reconstruction of Jharia coalfield. This report is intended to serve as a guide for detailed mine-planning and designing for the reconstruction of the individual mines. Besides, contracts have been entered into with Polish organisations for the setting up of an organisation in the Bharat Coking Coal Ltd, for the construction of coal mines and shaft sinking at Pootkee—South Loyabadi. The protocol also provides for the training of Indian personnel in Poland.

Criticism of procedure for selection of films for film festivals

7399 SHRI JANARDHANA
POOJARY:

SHRI K. MALLANNA:

Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether it is a fact that serious objections have been raised over the procedure adopted by his Ministry for selection of films for foreign festivals,

(b) whether it is a fact that many films worthy of serious consideration never got out of the country because of the procedure followed at present;

(c) whether it is a fact that the members of panel have met the Minister and stressed the need for setting right these aspects in the interests of the film makers in India; and

(d) if so, the details regarding the procedure in this regard and the arguments placed by the member of the

panel for the consideration of Government?

THE MINISTER FOR INFORMATION AND BROADCASTING (SHRI L. K. ADVANI): (a) to (d). The Chairman and some members of the All India Panel for selection of films for International Festivals met the Minister of Information and Broadcasting on 13-3-1979 and handed over to him a letter expressing their views on the present procedures.

Indian films are entered into the official section of International Festivals on the recommendations of the All India Panel. The opportunity to enter films recommended by the Panel is offered to all producers. There have, however, been occasions when the producers have not supplied films with sub-titles which is essential for entering the films to International Festivals.

The present procedure has been laid down to ensure widest possible opportunities for film producers to participate in the International Festivals. The Government, in addition to the All India Panel, has set up Regional Panels in Bombay, Calcutta and Madras. The Regional Panels select festival-worthy films which are shown to the All India Panel. Films which have won National awards are shown to the Central Panel. In addition, the Central Panel and Regional Panels also view films on direct requests received from producers/directors. Thus, every producer who is interested can avail of the opportunity of offering films for selection.

The Panel has recommended that no film should be sent to the official section of an International Festival which has not been approved by the Panel. Also, it has recommended that a film rejected by the Panel should not be entered into a festival. Both

these practices are already being followed.

Dwindling work load in H.A.L. Kanpur and Bangalore

7400. SHRI D D DESAI
SHRI JANARDHANA
POOJARY:

Will the DEPUTY PRIME MINISTER AND MINISTER OF DEFENCE be pleased to state

(a) whether Kanpur and Bangalore complexes of the HAL are faced with the problem of dwindling work load, and

(b) if so, the action taken by the Government to utilise the capacities of the units fully?

THE MINISTER OF STATE IN THE MINISTRY OF DEFENCE AND IN THE DEPARTMENTS OF ATOMIC ENERGY, ELECTRONICS, SCIENCE AND TECHNOLOGY AND SPACE (PROF SHER SINGH) (a) Yes, Sir,

(b) Government have decided to undertake the manufacture of the Jaguar Aircraft in the Bangalore Complex. The manufacture of HPT-32 (Basic Trainer) aircraft will be entrusted to Kanpur Division.
