

The Deputy Minister in the Ministry of Home Affairs (Shri Vidya Charan Shukla): (a) No cases involving Pak spies, who had come to India during or after December, 1965, have come to notice.

(b) and (c). Four Indians and two Pakistanis were, however, arrested during the period. The Pakistanis had entered India before December, 1965. One of the Indians arrested has admitted that he had given shelter to a Pak spy.

#### Fleeing of Engineers, etc. to Foreign Countries

2210. Shri Subodh Hansda:  
Shri S. C. Samanta.  
Shri Bhagwat Jha Azad:  
Shri M. L. Dwivedi:  
Shri P. C. Borooah:  
Shri Onkar Lal Berwa:

Will the Minister of Home Affairs be pleased to state:

(a) whether the fleeing of Engineers, scientists and Doctors is still continuing to foreign countries;

(b) if so, whether the problem is very serious; and

(c) whether Government propose to stop it?

The Deputy Minister in the Ministry of Home Affairs (Shri P. S. Naskar): Precise information is not available about the number of engineers, scientists and doctors who go abroad for more or less permanent stay abroad. If the generally rising trend in the number of candidates in the "Scientists' Pool" from abroad is an indication, it appears, that the number of doctors, engineers and scientists who do not return after completing their period of study/employment-cum-study is not abnormal in quantitative terms. The Govt. have been conscious of the need for facilitating the return of highly qualified Indians abroad and all possible measures are being taken towards this end.

#### Manufacture of Fertilisers

2211. Shri Linga Reddy: Will the Minister of Petroleum and Chemicals be pleased to state:

(a) the steps taken to manufacture fertilisers out of the indigenous raw materials in the country; and

(b) the extent to which success has been achieved in this regard?

The Minister of Petroleum and Chemicals (Shri Alagesan): (a) and (b). Feed stocks for ammonia/nitrogenous fertilisers are coal, coke over gases, natural gas, refinery gas, petroleum naphtha and all these are indigenous. Some production is based on electric power which is also indigenous. Thus, nitrogenous fertilisers can be produced and are produced entirely from raw materials available in the country.

In so far as phosphatic fertilisers are concerned, the important raw materials are sulphur and rock phosphate both of which are imported. There are no sources of elemental sulphur or rock phosphate in the country and the entire demand is met through imports. Attempts are being made to use some sulphur bearing minerals like iron pyrites, copper pyrites and zinc/lead pyrites for the production of sulphuric acid.

#### Children's Book Trust

2212. Shri Madhu Limaye:  
Shri Kishan Pattnayak:

Will the Minister of Education be pleased to refer to the reply given to Starred Question No. 574 on the 1st December, 1965 and state:

(a) whether Government have inquired into the failure of Children's Book Trust to publish any books till November, 1965;

(b) whether the grants and donations given for library and furniture are being spent on objects for which they were specially given;

(c) whether any Trustee has of late resigned from the Trust; and

(d) if so, the reasons therefor?

**The Deputy Minister in the Ministry of Education (Shrimati Soundaram Ramachandaran):** (a) No Sir, because the Trust is an independent voluntary organisation and the Government of India do not exercise control over its publication programme.

(b) The grants/subsidies given by the Government of India are being spent for the purposes for which they are given.

(c) It is understood that the last resignation of a trustee took place around 1959-60. Government is not aware whether any trustee has resigned of late.

(d) The question does not arise.

#### **Pension to Kazi Nazrul Islam**

2213. **Dr. L. M. Singhvi:**  
**Shri P. R. Chakraverti:**  
**Shri Indrajit Gupta:**  
**Shri J. B. S. Bist:**

Will the Minister of Education be pleased to state:

(a) whether Kazi Nazrul Islam's son, Kazi Sabyesachi has approached Government to extend financial assistance to the family as Pakistan has discontinued the same; and

(b) if so, the steps taken by Government and its reaction in the matter?

**The Deputy Minister in the Ministry of Education (Shri Bhakt Darshan):**

(a) Yes, Sir.

(b) The matter is under consideration.

#### **Memorial to Bhagat Singh**

2214. **Shri S. M. Banerjee:** Will the Minister of Home Affairs be pleased to state:

(a) whether it is a fact that no help has so far been given for the construction of a Memorial to Bhagat Singh;

(b) if so, the reasons therefor; and

(c) whether the Punjab Government has approached the Central Government for grant of financial assistance?

**The Deputy Minister in the Ministry of Home Affairs (Shri P. S. Naskar):** (a) to (c). The Government of Punjab have not approached the Central Government for any financial assistance for the construction of a Memorial to Shri Bhagat Singh. The expenditure on the memorials in States is, in the ordinary course, borne by the sponsors or the State Governments themselves.

#### **Delhi-Tashkent Radio Telephone Service**

2215. **Shri Subodh Hansda:**  
**Shri Yashpal Singh:**  
**Shri Basumatari:**

Will the Minister of Communications be pleased to state:

(a) whether a special radio telephone and teleprinter service was established between Delhi and Tashkent during the talks of the two Heads of States at Tashkent on the 3rd January, 1966 and onwards;

(b) if so, whether this service was cut off after the talks were over; and

(c) the amount of expenditure involved in establishing this service?

**The Minister of State in the Department of Parliamentary Affairs and Communications (Shri Jaganatha Rao):**

(a) Yes, Sir.

(b) These services were closed on 15th January, 1966.

(c) The services were established by diversion of existing equipment and so no extra expenditure was involved on this account.

#### **दिल्ली में मकान निर्माण सहकारी संस्थाएँ**

2216. **श्री हुकम चन्द कछवाय :**  
**श्री यशपाल सिंह :**

क्या गृह-कार्य मंत्री यह बताने की कृपा करेंगे कि :

(क) दिल्ली में कितनी तथा कौन कौन सी मकान निर्माण संस्थाओं को निकट भविष्य
