

Regarding inclusion of roads from Dakshin Barasat Railway Station PWD road to Dhurbachand Halder College under the Railway maintenance map-laid

SHRIMATI PRATIMA MONDAL (JAYNAGAR): I would like to draw the kind attention of Hon?ble Railway Minister to an urgent need of public importance. I had spent more than 45 lakhs rupees for construction of a blade top road from Dakshin Barasat Railway station PWD road to Dhurbachand Halder college in the year 2018-2019. The road is under the jurisdiction of Railways. Now the road has become dilapidated and one of the main reasons is that there are two big water bodies on one side of the road, which had to erosion of soil and also hinder the proper maintenance of the road. These two water bodies in question are also the property of Railways. I would like to request the Hon?ble Railway Minister to kindly include this road under the railway maintenance map and take necessary steps for reconstruction of the said road at the earliest.
