

## **Regarding Mass Rapid Transit System**

**DR. T. SUMATHY (A) THAMIZHACHI THANGAPANDIAN (CHENNAI SOUTH):** Sir, the long-awaited MRTS Phase-II Extension Project from Velachery to St. Thomas Mount Railway Station has begun long ago in 2008. Since 2019, I have been representing about the completion of this Project and urging the Union Government through letters submitted to hon. Railway Ministers. I have also raised this issue under Rule 377 but still the work has not yet been speeded up. It has been lagging far behind.

So, the five-kilometre stretch from Vellacheri to St. Thomas Mount is a major arterial route, and it has been a constant demand from the people of my constituency to complete it urgently. So, I would like to urge the Union Government, through you, to expedite the extension of MRTS from Vellacheri to St. Thomas Mount and complete it with immediate effect. Thank you.
