Parliament Security Service, PH

Security Arrangements in Parliament House Complex

Members are requested to co-operate with the Security Staff on security duty in Parliament House Complex and show their Identity Cards on request.

To strengthen the security arrangements in Parliament House Complex, Door-frame Metal Detectors have been installed at various gates. Visitors accompanying Members of Parliament and former Members of Parliament are requested to pass through the Door-frame Metal Detector and may undergo physical search. The baggage, etc., being carried by them may also be scanned/ searched by the Security Staff.

Kind cooperation of Members is solicited.
