

Regarding stoppage of trains at Kovvur Railway Station-Laid

SHRIMATI DAGGUBATI PURANDESWARI (RAJAHMUNDRY): I want to draw the kind attention of the Government towards a very important issue of Indian Railways in my constituency. Kovvur and Godavari railway stations were neglected by railway authorities for the past ten years. Strategically, Kovvur railway station is located on the bank of river Godavari and connected with Rajamahendravaram by road cum Rail Bridge and Third Rail Bridge. People from Polavaram, Kovvur, Gopalapuram and several villages in Nidadavolu assembly constituencies have to travel to Rajamahendravaram railway station to board the train. The pity is that even Godavari, Circar Express (17644), Tirumala Janmabhoomi Ratnachal Express also have no halt. Nearly 10 lakh people have been subjected to hardships to travel Rajamahendravaram to board trains. I urge upon the Hon'ble Minister of Railways that immediately Railway Authorities should take steps to provide halt to popular trains in Kovvur Railway station and bring past glory to Kovvur Railway Station.
