

Title : Regarding implementation of PM Surya Ghar Yojana in Bundelkhand, Uttar Pradesh-Laid

**SHRI ANURAG SHARMA (JHANSI):** The PM Surya Ghar Yojana promises to transform the Bundelkhand region, including Jhansi, by harnessing the area's abundant sunlight. This initiative leverages the unique advantage of extended daylight hours in the region, making it an ideal area for solar power generation. By enabling households to install solar panels, the scheme aims to reduce electricity costs and ultimately provide free electricity to residents, significantly easing the financial burden on families in this economically disadvantaged area. Bundelkhand has long faced challenges of limited development and financial constraints, but with the Surya Ghar Yojana, residents have a promising opportunity to move towards energy independence. Access to free, sustainable electricity can empower local industries, agriculture, and households fostering overall economic growth. Additionally, the program promotes environmental sustainability by reducing reliance on traditional, non-renewable energy sources. In the long run, the PM Surya Ghar Yojana stands as a beacon of hope for Bundelkhand's revival, addressing both energy needs and economic disparities, and ensuring that even the remotest parts of the country benefit from renewable energy advancements. With the sun shining late into the evening, Jhansi and the Bundelkhand region can now look forward to a brighter and more prosperous future.
