**ORAL ANSWERS TO QUESTIONS**

*[English]*

**HON. SPEAKER:** Question No. 141.

Shrimati Kirron Kher.

**(Q. 141)**

SHRIMATI KIRRON KHER: Madam Speaker, out of the total Rs. 11,883 crore that has to be spent for Corporate Social Responsibility, companies have only spent Rs. 8,803 crore in the year 2014-15. While it is evident that there is a serious issue of non-compliance, it is crucial to monitor how the money allocated to Corporate Social Responsibility is utilised. ... (*Interruptions*)

Therefore, will the Minister be pleased to state what mechanisms are put in place to evaluate whether the money spent by the companies as a part of Corporate Social Responsibility reaches its intended goal and, whether there is any regulatory body which checks how the funds are utilised? ... (*Interruptions*)

*[Translation]*

**SHRI ARJUN RAM MEGHWAL:** Madam, a provision for Corporate Social Responsibility has been made under Rule 135 of the Companies Act.... *(Interruptions)* Under this, a provision has been made for companies to spend two percent of its profits. The Hon. Member has asked that if some companies have not spent this, then how do we monitor it? The Registrar of Companies, R.O.C. in the country, has so far given notices to about 496 companies.... *(Interruptions)* Action will be taken after the report of non-compliance is received after giving the notices. The process is a little lengthy but many companies and PSUs have started spending. It has been only one year and already the progress is quite good. ... *(Interruptions)*

*[English]*

**SHRIMATI KIRRON KHER:** I would like to thank the Hon. Minister. I would like to also say that an assessment of CSR expenditure of 7,334 companies for the year 2014-15 indicates that 4,195 companies did not incur any expenditure on CSR. ... *(Interruptions)* PSUs are the bigger defaulters than private companies. The reasons given by the companies for not spending, includes

‘suitable implementing agency not found’, ‘inability to formulate well-conceived CSR policy’, etc. ... (*Interruptions*)

In this regard, what are the initiatives taken by the National Foundation for Corporate Social Responsibility, NFCSR, which is the apex national institution that aims to facilitate the corporate sector to work in partnership with various organisations for active contribution towards sustainable growth and development? ... (*Interruptions*)

[*Translation*]

**SHRI ARJUN RAM MEGHWAL:** Madam, through you, I would like to tell the Hon. Member that there are 226 PSU companies, out of which 142 companies have made expenditure and 84 companies have not made any expenditure.... (*Interruptions*) We have sent them a show-cause notice. After sending the show-cause notice, there is a provision in the Companies Act to disclose as to why they are not contributing towards it.... (*Interruptions*) Once the reply to the show-cause notice is received, we will have to allow the provision of natural justice and hear them out.... (*Interruptions*) If thereafter it is found that they have committed certain irregularities under 134(8) in the Companies Act then definitely further action will be taken against them. ... (*Interruptions*)

**SHRI NISHIKANT DUBEY:** Madam Speaker, CSR was not the brainchild of any Government. This CSR was result of the farsightedness of Mr. Mahtab, Shri Gurudas Dasgupta and Shri Yashwant Sinha of the Standing Committee of Finance, of which I was a member.... *(Interruptions)* The reason behind CSR was the section 135 (5) which says: *[English]* “The extant provision under section 135(5) that preference would be given to local areas and areas where the company operates, companies may also implement CSR at places other than local areas.” *[Translation]* But the objective behind it was that, the area where we come from whether it is Jharkhand, Orissa and Chhattisgarh, there is a lot of mining, but there is no development in our area.... *(Interruptions)* That is why this concept of CSR came into being.... *(Interruptions)*

Madam, in the report that the Government has given, it has been stated, like in my state Jharkhand, where 40% of the mines and minerals of this country are, the expenditure there in CSR has been only Rs. 86 crore. ... *(Interruptions)* If companies have spent Rs. 8803 crore in CSR, only Rs. 86 crore has been spent in my state. This means that none of the things on the basis of which we created Section - 135(5) are being implemented properly.... *(Interruptions)* Secondly,

most of the money, around Rs. 5500, which is going to the Swachh Bharat Fund, vocational skills or socio-economically, is going to those states where there is no need for CSR, the states which are rich. It is going there.... (*Interruptions*) Through you, I urge the Government, that after such discrepancies coming into notice, on the basis of which this CSR has been made and the high-level committee that has been formed by the Government, especially after the introduction of FDI, what is the approach of the Government of India regarding Clause 75 of CAB-16 and section-384 of 2 in case of foreign companies, what is the approach of the Government of India and what is its future plan? ... (*Interruptions*)

**SHRI ARJUN RAM MEGHWAL:** Madam Speaker, Hon. Member has asked a really good question. It is really a matter of concern if the CSR money is not spent in the state where the land acquisition was made and the farmers gave their land but it is spent somewhere else or on that place where their corporate office is located.... (*Interruptions*) Based on the suggestion of the Hon. Member, whatever strategy the Government will adopt, when we review in the department and the DPE for the PUCs, then every effort will be made

to accept their suggestions and take action accordingly. ...

*(Interruptions)*

**SHRI JAGDAMBIKA PAL:** Hon. Speaker Madam, this is a very important question. ... *(Interruptions)* Be it public sector companies or private companies of the country, it was decided that if they earn a dividend, then at least two percent of that profit should be discharged as Corporate Social Responsibility for the development of that area. ... *(Interruptions)* It is correct that notices are being given to private companies but the PSUs which are running in profit, how many such PSUs are there which have not yet spent two per cent of CSR in the last three years under this section - 135(5) which started in 2013. Which are those public sector companies? ... *(Interruptions)*

The money asked to spend in Sansad Adarsh Gram Yojana, how much has been spent in Sansad Adarsh Gram Yojana? ... *(Interruptions)* As per my knowledge, no money has been spent in any Sansad Adarsh Gram, anywhere. ... *(Interruptions)*

**SHRI ARJUN RAM MEGHWAL:** Madam Speaker, as I have mentioned, out of the total 226 PUCs, only 142 have made the expenditure and 84 have not.... *(Interruptions)* The Hon. Member has

asked what we have done for them. 496 notices that we have given including private sector companies.... *(Interruptions)* If the private sector companies do not spend in the area in which they are engaged or the area in which the farmers' have lost their lands, then the DPE - Department of Public Sector Enterprises, PUC and our department will collectively review it.... *(Interruptions)* A mechanism is being prepared for this. You will see positive results in the coming time. ... *(Interruptions)*

*[English]*

SHRI NAGENDRA KUMAR PRADHAN: My parliamentary constituency, Sambalpur, covers a number of mines and mineral industries. Implementation of CSR is a good step from the Government.

In my constituency, there are a number of industries and a lot of mining activities are going on there. ... *(Interruptions)* Thousands of families have been displaced in my constituency, they have lost their land and they have been suffering like anything. ... *(Interruptions)* But the CSR activity has not come to their rescue so far. ... *(Interruptions)*

So, I want to know from the Government as to whether a special drive will be conducted in areas where CSR activities have not been implemented so far.... (*Interruptions*)

[*Translation*]

**SHRI ARJUN RAM MEGHWAL:** Madam, through you, I would like to tell the Hon. Member that as per the guidelines of the Department of Public Enterprises (DPE) and Department of Corporate Affairs, the farmers whose lands have been acquired or areas where mining work is being done and CSR money is not being used, we will try to get it implemented.... (*Interruptions*)

**(Q. 142)**

*[English]*

SHRI PRALHAD JOSHI: Madam Speaker, a bold step has been taken by our Government under the dynamic leadership of our Prime Minister Narendra Modiji and Arun Jaitley for fighting black money. ... (*Interruptions*) Not only India, but the entire world is appreciating that. ... (*Interruptions*) Today, India has taken a historic step in fighting black money and fake currency and the entire world is supporting that. ... (*Interruptions*) But unfortunately people who are having black money themselves are opposing it and are also disrupting the House. ... (*Interruptions*) It is most unfortunate. ... (*Interruptions*)

Madam, with the initiative taken by the Finance Ministry under *Jan Dhan Yojana*, a sizeable population has come under the banking network in our country. ... (*Interruptions*) But still I feel there are a number of people who are outside the banking network and also digitalization in remote areas is yet to happen. ... (*Interruptions*) With the cooperation of State Governments, to expand digitalization and also to end cash-based transactions in the country, I want to know what steps the Government is going to initiate. ... (*Interruptions*)

Then, what are the steps that the Government intends to take to promote to move towards a digital, cashless economy and to bring in a new phase in the development of the country?... (*Interruptions*)

**THE MINISTER OF FINANCE AND MINISTER OF CORPORATE AFFAIRS (SHRI ARUN JAITLEY):** Madam Speaker, the total effort of the Government is to see that the quantum of physical currency comes down, but trade and economy must expand and whatever comes down has to be substituted and further expanded by digital currency. ... (*Interruptions*) This is a process which has been happening. ... (*Interruptions*) For example, today there are 80 crore Debit Cards of various kinds which are already in circulation and 40 crore out of them are actively being used at the ATM machines. ... (*Interruptions*) Now, E-Wallets, Debit Cards, Credit Cards, Digital Transfers - this is the future technology in relation to currency which the Government is encouraging it. ... (*Interruptions*) Yesterday only I had a conference with Chairpersons of all banks in India and asked them to promote digital currency in addition to the physical currency which is in place. ... (*Interruptions*)

As far as the involvement of State Governments is concerned, we are going to request State Governments in this regard. ... *(Interruptions)* The Government of Andhra Pradesh has taken an initiative and there the Collectors are also involved and they are working closely with the banks in order to ensure that digital transactions expand. ... *(Interruptions)*

**SHRI PRALHAD JOSHI:** Madam, I thank the hon. Minister for elaborately replying to my question.

My second supplementary is, India has surpassed the United States of America to become the world's largest smart phone market in terms of active smart phone users crossing over 22 crores. ... *(Interruptions)* The volume of transactions *via* mobile banking has doubled, going up from 18 crore in 2014-15 to 39 crore in 2015-16, as per an estimate of RBI. ... *(Interruptions)* Transactions of m-wallet – a mobile phone app that allows cashless transactions – too have witnessed a jump in volume, touching 60.4 crore compared to 25.5 crore in 2014-15.

According to some estimates, a large scale adoption of digital finance would boost their GDP by six per cent... *(Interruptions)*

**HON. SPEAKER:** Mr. Joshi, please put your supplementary.

**SHRI PRALHAD JOSHI:** Even the RBI, in a Consultation Paper, floated, titled 'Vision 2018' has proposed to encourage greater use of electronic payments by all sections of the society. But at the same time, it has also noted the need to develop an 'appropriate oversight framework for the new system' and 'augmenting the data reporting and fraud monitoring system.' ... (*Interruptions*)

Keeping the same in mind, what are the steps taken to formulate a policy to build a supervisory mechanism for them? On some credit cards, specially, which are outsourced, the user charges are very high. So, whether the Government is going to consider monitoring it and bring in a system for it ... (*Interruptions*)

**SHRI ARUN JAITLEY:** Madam, as far as the user charges are concerned, this also depends on the extent of the user. As the volumes are going to expand, the rates are going to come down... (*Interruptions*) In any case, in order to encourage digital currency, the

Government has made sure and requested the banks to waive off all the charges till the 31<sup>st</sup> of December, 2016; and the banks have already agreed to waive off the charges till 31<sup>st</sup> of December, 2016...  
(*Interruptions*)

I may also inform my friend that credit card is not the only mechanism. You have e-wallets; you have debit cards, which are used on the point-of-sales machines. They are also further used through various forms of smart phones; and as the telephone penetration in India and the use of smart phones and android phones increases, this process is also going to significantly expand... (*Interruptions*)

HON. SPEAKER: Hon. Members, please go back to your seats.

... (*Interruptions*)

HON. SPEAKER: You do not want to discuss anything! What is this going on?

... (*Interruptions*)

HON. SPEAKER: No, this will not do; I am sorry.

... (*Interruptions*)

Madam Speaker, through you, I would like to draw the attention of the Government towards my Parliamentary Constituency, Jammu-Poonch. Ever since surgical strikes took place, Pakistan has been in a state of frustration. Frustrated Pakistan is committing atrocities on unarmed people. We see that, every day, our soldiers give a befitting reply to the firing by Pakistan but the loss we suffer due to the firing by Pakistan includes the death of our people and animals also. When shells fall on houses, houses collapse, it suffers loss. Along with this, the crop is also destroyed.

Through you, I would like to tell the Government that it has taken very good steps in the past but the animals that are killed in firing are milch animals, their value ranges from Rs 80 thousand to Rs one lakh. No government gives compensation for the death of the animals.

When a shell falls on a house, compensation is not given even for that house. I would like to ask what is the fault of those patriotic people, that are standing at the border, they are unarmed. They are also confronting them at the border. I demand that compensation should be given for the loss of animals and if someone's house is damaged, then they should also get compensation. Bunkers should be built in each house and village so that for quick relief these bunkers are available. They should be given a five-marla plot and a multi-storey building so as to boost the morale of the people.
