

Regarding need for doubling of railway line between Villupuram and Katpadi Junction in Tamil Nadu-Laid

SHRI C. N. ANNADURAI (TIRUVANNAMALAI): I wish to draw attention to the fact that between Villupuram to Katpadi Junction there is single railway line which causes lot of problems to the daily commuters. Passengers get delayed to reach their destination because incoming and outgoing trains travel on the same line. This is the situation when we claim modern means of transport and communication. Therefore, it is needless to emphasise over the need for doubling the railway line between Villupuram to Katpadi Junction. The project so suggested would not only the benefit to the daily commuters but open the railway transportation to various junctions viz., Salem, Coimbatore, Bangalore, Ernaculam, Trichy, Madurai, etc, thereby linking railway connectivity to so many routes. I, therefore, request the Hon?ble Minister of Railways to have a positive look on the above mentioned project as soon as possible.
