

Regarding setting up of a mega Integrated Textile Region and Apparel Park in Gudiyatham region in the Tamil Nadu under PM MITRA Scheme

**SHRI D. M. KATHIR ANAND (VELLORE):** \*Hon Chairman, Vanakkam. I express my greetings to you in Tamil.

Gudiyattam is the place where the National Flag of India was first weaved in our country. This place has been well managed by the weavers living there. Gudiyattam is also an Assembly Constituency situated in Vellore Parliamentary Constituency. The weavers of this Constituency have been demanding for long for setting up of a Handloom Park. I have time and again raised this pertinent demand in this very House. In spite of my repeated requests, this Government has not paid heed to this demand. I therefore urge upon this government to fulfil this demand of setting up of a Handloom Park in Gudiyattam at least now. Moreover, Gudiyattam is a rapidly developing area. Solid waste management has been a major problem in Gudiyattam Assembly Constituency. I also request the Union government to establish a recycle plant to manage solid waste of this Gudiyattam area.\*

Sir, the hon. Speaker very gladly announced that a lot of languages have been added for translation. I want to make one specific request here. If you go to any part of the world, in any Parliament, all the Parliamentarians are provided with wireless Bluetooth earphones so that they can hear the speeches in Parliament. ?

\*\* ? (*Interruptions*)

**HON. CHAIRPERSON:** Hon. Member, you should not mention all these things here. This is the prerogative of the hon. Speaker. Nothing will go on record.

? (*Interruptions*)

**SHRI D. M. KATHIR ANAND:** So, I request, through you, to the hon. Speaker to give wireless headphones to all ? (*Not recorded*)
