

Regarding issues pertaining to Anganwadi workers

**SHRI HIBI EDEN (ERNAKULAM):** Sir, the Anganwadi workers are the backbone of our society. The Integrated Child Development Scheme was established by late Shrimati Indira Gandhi, our former Prime Minister. The Indian National Anganwadi Employees Federation has raised a very critical issue related to the life and livelihood of these workers. The minimum wages are not given to them. A fair honorarium should be given to them. The life and living standards of the Anganwadi workers are to be improved.

Therefore, I urge the Government to give minimum wages to the Anganwadi workers who serve as the backbone of our country.

Thank you.
