Regarding four-laning of NH-161 passing through Yavatmal city, Maharashtra.

SHRI SANJAY UTTAMRAO DESHMUKH (YAVATMAL- WASHIM) : Hon?ble Chairman, Yavatmal is an important city of Vidarbha region and it is also a district business centre. A lot of transport vehicles ply on roads here around Samvidhan square. Due to heavy traffic, more than 100. road accidents took place here last year and many people died in road mishaps. Many people got injured too. This is happening everyday just because of traffic Jams, narrow roads, and lack of traffic management system.

A new bridge should be constructed at Samvidhan square to improve traffic and logjams. So, I would like to request Hon?ble Gadkari ji to construct a flyover between Chintamani petrol pump and Pandharkawada Road cremation ground urgently.

Sir, NH161 passes through Washim city. This is a two lane road but, a promise was made by Hon?ble Minister to construct a 4 lane highway. So, I would like to request to make it 4 lane and fulfil the demand of people there.

Sir, it is now more than 75 years of independence, but a village road between Pimpalgaon to Dhargaon, Teh. Karanja, Distt. Washim has been pending for the last so many years due to reluctance of forest department. Students have to face problems as no vehicle can ply on this road due to potholes. People have demonstrated against the mismanagement of the department but still, that road has not been constructed or repaired.

For Digras to Pusad By pass road work, land has already been acquired but, no financial provision has been made for it in the Budget. So, it has also been stuck.

Hence, I would like to request Hon?ble Minister that a financial provision should be made for the construction of this road at earliest. Thank you.
