

## **Regarding health care facilities in Aska Parliamentary Constituency**

**SHRIMATI ANITA SUBHADARSHINI (ASKA):** Jai Jagannath!

Hon. Speaker Sir, the healthcare infrastructure of my parliamentary constituency, Aska, which falls in the Ganjam district of the State of Odisha, is at the verge of collapsing because of the lack of political interest of the previous State Government. Access to good health and basic medical facilities is the right of the people of my constituency. As now there is a double-engine Government, I demand from the Central Government, through you, to provide financial assistance of Rs. 200 crore to my State so that the people of my State can get basic facilities as there is a demand of a diagnostic centre since long.

Sir, I have one more request related to the Pradhan Mantri Jan Aushadhi Kendra. It is a humble request to the Central Government to issue a circular through the State Government to allow one room in the local CSAs so that the PM Jan Aushadhi Kendra can work over there. The people of my State would be highly obliged. Thank you.
