

Need to involve the Members of Parliament in disbursal of Planning Committee funds in Beed district, Maharashtra

SHRI BAJRANG MANOHAR SONWANE (BEED): Hon?ble Chairman Sir, I represent Beed Lok Sabha Constituency of Maharashtra. The District Planning Committee there is not co-operating with me. Even District collector, Chief Executive officers of Zilla Panchayat, Nagar Panchayat, Nagar Palika, Nagar Parishad are not supporting my recommendations. They are not complying with my instructions and not a single rupee has been allotted to the works recommended by me. I have been repeatedly requesting them but, they are not ready to spare a single rupee.

The district collector has even refused the funding for Dalit Basti Sudhar Yojana. They organized the Committee meeting on 17/06/2024 and later in the month of February. The local body elections have not been held for the last three years and therefore, no elected members are being nominated to District planning Committee.

So, all the powers are lying with the Guardian Minister and local District Collector who is working autocratically.

Hence, I would like to request you to look into it immediately and instruct the district collector as well as CEOs of local bodies to comply with my recommendations regarding funding of various welfare schemes and projects.

Thank you.
