

Regarding NH 69 issues

**SHRI SHREYAS M. PATEL (HASSAN):** Thank you, hon. Chairperson, Sir.

I stand before you today to address a pressing issue that has been causing an immense inconvenience and is danger to the public.

The National Highway-69, especially stretches from Banavara to Huliya in Arsikere Taluk, which falls under my constituency, has to be fully completed.

Even though the project was initially started in 2018, the closure of the project was supposed to happen by 2020. But the work remains unfinished till date.

**14.00 hrs**

There are four critical reaches under my Constituency where the work is still pending. They are Shaanegere, Ganjigere, Kallusadharahalli and Kanakatte.

**HON. CHAIRPERSON:** Please conclude.

*? (Interruptions)*

**SHRI SHREYAS M. PATEL:** Sir, I will conclude with last one line.

These delays have led to repeated accidents on the stretch putting lives at risk daily. Vehicles cannot pass smoothly and ambulances carrying patients are facing tremendous difficulties and, further endangering lives.
