

Regarding Need to construct underpasses/overbridges on the stretch of National Highway No. 66 from Edappally to Moothakunnam in Kerala-laid

SHRI HIBI EDEN (ERNAKULAM): I bring attention to the NH 66 expansion project from Kasargodu to Trivandrum, specifically the significant stretch from Edappally to Moothakunnam. Local residents are protesting, demanding adequate infrastructure for safe crossing of the highway. I urge to provide sufficient underpasses and overpasses, engage with local communities to address concerns. It's our responsibility to ensure infrastructure development prioritizes local communities' safety and well-being.
