

**Regarding establishment of a multi-specialty ESIS Hospital in Latur,
Maharashtra-laid**

DR. SHIVAJI BANDAPPA KALGE (LATUR): I take this opportunity to draw the attention of the Hon'ble Minister of Labour and Employment to establish multi-specialty ESIS Hospital in Latur (Maharashtra) for providing medical care facility to a large number of workers and their families. Latur has as many as 937 odd companies engaged in various products/commodities where thousands of workers are employed who are devoid of proper medical facilities. They are demanding to have an ESIS hospital at Latur. I earnestly request the Hon'ble Minister to explore the possibility of establishing an ESIS hospital at an appropriate location in Latur which will go a long way in mitigating the workers' long-standing demands.
