

Regarding the urgent need to start and develop industrial units in Osmanabad Parliamentary Constituency to benefit young unemployed youths

SHRI OMPRAKASH BHUPALSINH ALIAS PAVAN RAJENIMBALKAR (OSMANABAD):

Hon. Chairperson, I would like to draw the attention of this august House towards an important issue which is related to the young and unemployed youth of my constituency. My district is at 3rd position in the list of most backward districts of our country. Around 310 hectare land of Kawadgaon MIDC and 89 hectare land of Wadgaon MIDC is lying vacant.

One new MIDC is proposed at Tamalwadi and Shiradon. Madam, through you, I would like to request Central Govt. to develop an industrial cluster there so that the local youths would get employment opportunities at the same place. If the industries related to Terkheda crackers market, leather market at Yedki, Khoa market at Bhoom Paranda and Osmanabadi goats, get developed in my Constituency, it would be very beneficial.

Therefore, I request you to start and develop the industry which consume less water to empower the unemployed youth of my constituency.

Thank you.
