

Regarding Multi-Modal Transport System in Andhra Pradesh

SHRI CHAMALA KIRAN KUMAR REDDY (BHONGIR): Madam, thank you for giving me the opportunity. This is regarding MMTS. I come from the Bhongir constituency. When the BRS was in power in Andhra Pradesh, there was an approval of Rs. 412 crore for a railway line from Ghatkesar to Yadagirigutta.

However, during that period, the Government was not very serious about acquiring the land and obtaining forest clearance. It is still pending. There are a lot of issues regarding transportation in Bhongir. I request the Ministry to intervene, release the money of Rs.412 crore and do this MMTS so that the transportation issues are sorted out. This will increase employment opportunities, urbanization, and educational facilities. Therefore, I request the Ministry to take care of it.
