

Regarding alleged unabated disappearance of people in Manipur

DR. ANGOMCHA BIMOL AKOIJAM (INNER MANIPUR): Thank you, Madam, for this opportunity. I have been trying to raise this issue for a long time.

There is a young boy of 20 years old Mukesh who has disappeared without any trace since March 2016. The last known location is called Jouzangtek which has become almost like a Bermuda Triangle. There is a case of Linthoingambi and Hemanjit. Two young people have disappeared during this crisis.

We have these cases happening even today under the President's Rule. I would like to draw the attention of the House as well as the Home Minister that protection of life of the people is the paramount duty of our State. So, I would like to draw the attention of this House to look into this case of Mukesh. That is among many cases that have been happening where people disappeared and we do not care about what happened to them.
