

Regarding PMAY

SHRI AMAR SHARADRAO KALE (WARDHA): Hon. Chairperson, thank you very much for giving me this opportunity. I would like to draw Government's attention towards an important issue.

Government is implementing a house construction scheme for the poor and needy persons called PMAY. For urban beneficiaries, they provide Rs 2.5 lakh and for rural beneficiaries, only Rs 1.2 lakh is being provided. This is a huge difference and it is a grave injustice done to the rural beneficiaries. These rural people have to procure cement, steel, bricks from the urban areas and the transportation cost is very high. Therefore, I request the Government to provide the equal amount of Rs. 2.5 lakh to all the beneficiaries. Thank you.
