INTRODUCTION

I, the Chairperson, Standing Committee on Coal, Mines and Steel having been authorised by the Committee to present the Report on their behalf, present this Tenth Report (Eighteenth Lok Sabha) on Action Taken by the Government on the Observations/Recommendations contained in the Second Report (Eighteenth Lok Sabha) of the Standing Committee on Coal, Mines and Steel on "Demands for Grants(2024-2025)" relating to the Ministry of Mines.

2. The Second Report (Eighteenth Lok Sabha) of the Standing Committee on Coal, Mines and Steel was presented to Lok Sabha on 04.12.2024. Replies of the Government to all the Observations/ Recommendations contained in the Report were received on 03.03.2025

3. The Standing Committee on Coal, Mines and Steel considered and adopted this Report at their sitting held on 11.08.2025.

4. An analysis on the Action Taken by the Government on the Observations/ Recommendations contained in the Second Report (Eighteenth Lok Sabha) of the Committee is given at **Annexure-IV.**

5. For facility of reference and convenience, the observations and recommendations of the Committee have been printed in bold letters in Chapter-I of the Report.

NEW DELHI;
11, August, 2025
20, Sharvan, 1947 (Saka)

ANURAG SINGH THAKUR
Chairperson,
Standing Committee on Coal,
Mines and Steel

REPORT

CHAPTER I

This Report of the Committee deals with Action Taken by the Government on the observations/recommendations contained in the Second Report (Eighteenth Lok Sabha) of the Standing Committee on Coal, Mines and Steel on “Demands for Grants (2024-25)” of the Ministry of Mines which was presented to Lok Sabha and laid in Rajya Sabha on 04.12.2024.

2. The Report contained 16 Observations/Recommendations. The Action Taken Replies have been received from the Ministry of Mines on 03.03.2025 in respect of all the 16 observations/recommendations contained in the Report. These have been categorized as follows:

(i) Observations/Recommendations which have been accepted by the Government:

Sl. Nos. 1,2,3,4,5,6,7,9,10,11,12,13,14,15 and 16	(Total: 15) (Chapter-II)
---	-----------------------------

(ii) Observations/Recommendations which the Committee do not desire to pursue in view of the replies of the Government :

Sl. No. Nil	(Total: NIL) (Chapter III)
-------------	-------------------------------

(iii) Observations/Recommendations in respect of which replies of the Government have not been accepted by the Committee:

Sl. No. 8	(Total: 01) (Chapter IV)
-----------	-----------------------------

(iv) Observations/Recommendations in respect of which final replies of the Government are still awaited :

Sl. Nos. Nil	(Total: Nil) (Chapter V)
--------------	-----------------------------

3. The Committee do hope and trust that utmost importance would be accorded to implementation of the Observations/Recommendations accepted by the Government. In case, where it is not feasible for the Ministry to implement the recommendations in letter and spirit for any reason, the matter must be reported to the Committee with reasons for non-implementation. The Committee desire that final Action Taken Notes on the Observations/ Recommendations contained in Chapter - I of this Report be furnished to them within three months.

4. The Committee will now deal with the action taken by the Government on some of their observations/recommendations contained in the Second Report.

Survey and Mapping

Recommendation Serial No. 3

5. The Committee observe that for the year 2024-25, the Budget sought for Survey and Mapping (Mission-I) activities of GSI is ₹192.00 crore whereas Budget Allocated was ₹74.75 crore hence there is a shortfall of ₹117.25 crore under the head. For the year 2023-24 the BE was ₹135 crore and RE was ₹123 crore. Hence, there is a decrease of 39.42 % under the head Survey and Mapping (Mission-I) for 2024-25 as compared to 2023-24. Now, the Ministry has sought an additional amount of ₹101.25 crore at RE stage for 2024-25. The Committee feel that since, Survey and Mapping is crucial for creation and updating of national geoscientific database through ground, marine and airborne surveys, shortfall in funds may hinder the implementation of this important programme. The Committee, therefore, while desiring to know the reasons for decrease in allocation also emphasize that the Ministry should ensure optimal utilization of additional funds sought in 2024-25 and also make available adequate funds for this programme at the BE stage in future.

6. In their action taken reply, the Ministry of Mines have stated as under:-

In the current F.Y. 2024-25, GSI received ₹171.30 crore in RE with an increase of ₹47.90 crore than the RE allocation for F.Y. 2023-24 (₹123.40 crore). The enhanced fund under the head Survey and Mapping (Mission-I) will be utilized for smooth implementation and execution of all the activities under Mission-I. It is expected that the budget grant received at RE stage for Survey and Mapping will be optimally utilized by 31.03.2025.

7. The Committee in their original Report had observed that there was shortfall of ₹117.25 crore and also decrease of 39.42% in terms of budget allocation under this head during 2024-25 and 2023-24 respectively. The Committee, are however, satisfied to note from the action taken replies furnished by the Ministry that GSI has received ₹171.30 crore in RE 2024-25 which is now an increase of ₹47.90 crore taken RE for financial year 2023-24. In view of the forgoing, the Committee would like to impress upon the Ministry to ensure that GSI make concerted efforts to optimally utilize the funds under the head Survey and Mapping (Mission-I). The Committee may be apprised of the progress made in the matter.

R&D

Recommendation Serial No.4

8. As per the information furnished to the Committee, under R&D Head (M-IV) of GSI there is a decrease of 37.06% against last year's allocation. During 2023-24 the BE was ₹17.40 crore and actual expenditure was ₹17.30 crore. Now BE for the year 2024-25 is ₹10.95 crore. Since, R&D plays a very crucial role in the development of any Organisation the Committee feel that a review on allocation for the purpose may be carried out.

9. In their action taken reply, the Ministry of Mines have stated as under:-

GSI undertakes various R&D activities with an aim to supplement mineral exploration and also other public good geoscience research projects like landslide studies, environment geology projects paleontological studies etc. Allocation for R&D has been increased to ₹11.05 crore in RE-2024-25. Moreover, the allocation for R&D activities in FY-2025-26 is increased to ₹13.00 crore for carrying out the R&D activities in GSI.

10. The Committee, observe that though the R&D budget has been increased at RE for 2024-25 to ₹11.05 crore as compared to BE of ₹10.95 crore but the increase is miniscule i.e. ₹0.1 crore only especially in view of the fact that BE 2023-24 was ₹17.40 crore and the same was almost fully utilised as expenditure incurred was ₹17.30 crore. The Committee would therefore, while reiterating their earlier recommendation that, R&D plays a very crucial role in the development of any Organization feel that a review on utilization of funds may be carried out and the budget may be enhanced for R&D activities so that GSI can perform their best to undertake research projects like landslide studies, environment geology projects, paleontological studies etc.

Mine Surveillance System (MSS)

Recommendation Serial No.8

11. The Committee note that in technological and modernization scheme, IBM implements Mine Surveillance System (MSS) under which it generates preliminary triggers for major minerals and send them to State Governments for field verification. The Committee note that during 2022-23, MSS generated 61 preliminary triggers for major minerals and uploaded on the portal for further transmission to the State Governments. Field verification was received in respect of 24 triggers and out of these, unauthorized mining has been confirmed in seven major minerals by the State Govts. Similarly, during 2023-24 also MSS generated 138 triggers, sent 40 triggers to State Governments for field verification and in seven cases unauthorized mining have been detected. The Committee while appreciating the contribution

of IBM in detecting illegal mining and thereby plugging the leakages to the Governments revenues, they suggest IBM may request State Govts to carryout field verification of all the triggers generated to detect and confirm the illegal mining. This, the committee believe, will go a long way in improving the revenues of the Government in a significant manner. Further, it also helps in deterring illegal mining in future.

12. In their action taken reply, the Ministry of Mines have stated as under:-

“IBM has been following the matter with the concerned state governments to speed up the field verification of the triggers communicated to them. IBM has issued a letter to all the concerned State Governments on 13.10.2022 requesting them to carry out field verification of the triggers at the earliest. Subsequently, IBM also requested Ministry of Mines on 30.09.2023 to issue a letter to all the concerned State Governments advising them to complete the pending field verifications. Instructions have been issued to all Regions in this regard from HQ after a V.C. was held on 29.11.2024, in this regard to contact State Governments requesting to undertake the verification of all triggers at the earliest. Accordingly, the matter is being pursued with them.”

13. The Committee while appreciating the contribution of IBM in detecting illegal mining and thereby plugging the leakages to the Government revenues, had suggested that IBM may request State Govts to carryout field verification of all the triggers generated to detect and confirm the illegal mining. In their action taken reply the Ministry has submitted that IBM has been following the matter with concerned State Government to speed up the field verification of triggers. IBM has issued a letter to all State Government on 13.10.2022 and had also requested Ministry of Mines on 30.09.2023 to issue letter to all State Government advising them to complete the pending field verifications and instructions have been issued to all the regions in this regard, from HQ after a VC was held on 29.11.2024. The Committee note that despite clear recommendations given by the Committee in their report presented on 4.12.2024, the Ministry did not take any action on the same and has furnished details of action taken by them prior to presentation of the Report. The Committee while taking note of the same would reiterate their earlier recommendation and recommend the Ministry to issue letters to all concerned State Governments also requested by IBM vide their letter dated 30.09.2023 to complete field verifications of the triggers communicated as the same will curb illegal mining and also improve the revenues of the concerned Government. The Committee would like to be apprised of the action taken in this regard.

Performance of Hindustan Cooper Limited (HCL)

Recommendation Serial No.12

14. The Committee note that request of the Company for Stage-I forest clearances for an area of 413 hectares of forest area presently within Kendadih mining lease and 99 hectares of forest land presently within Rakha Mining lease is lying with State and Central Governments. The matter may be taken up at regular intervals with the authorities concerned to ensure that requisite forest clearances are accorded at the earliest.

15. In their action taken reply, the Ministry of Mines have stated as under:-

The present status of Stage-I forest clearance for an area of 413.477 ha of balance forest area present with in Kendadih Mining Lease and 98.932 ha of balance forest area present with in Rakha Mining Lease is as follows:

a) Kendadih Mine:

The reply submitted by HCL was forwarded by DFO, Jamshedpur on 02.12.2024 to PCCF(N), Ranchi, on 11.12.2024 from PCCF(N), Ranchi to State Govt. and on 27.12.2024 from State Govt. to MoEF&CC, New Delhi respectively. MoEF&CC, New Delhi on 25.01.2025 has again raised 08 point EDS query through State Forest Secretary. HCL Team on 29.01.2025 met AIG(Forest), MoEF&CC, New Delhi and apprised the desired information of the EDS query. State Forest Secretary on 30.01.2025 has forwarded the query to PCCF(N), Ranchi. On 10.02.2025 PCCF(N), Ranchi has forwarded the query to DFO, Jamshedpur. On 13.02.2025 HCL has received the query online in PARIVESH portal from DFO, Jamshedpur. Reply to the EDS are under preparation by HCL and will be submitted shortly.

b) Rakha Mine:

The reply submitted by HCL was forwarded by DFO, Jamshedpur on 02.12.2024 to PCCF(N), Ranchi, on 11.12.2024 from PCCF(N), Ranchi to State Govt. and on 27.12.2024 from State Govt. to MoEF&CC, New Delhi respectively. MoEF&CC, New Delhi on 25.01.2025 has again raised 09 point EDS query through State Forest Secretary. HCL Team on 29.01.2025 met AIG(Forest), MoEF&CC, New Delhi and apprised the desired information of the EDS query. State Forest Secretary on 30.01.2025 has forwarded the query to PCCF(N), Ranchi. On 10.02.2025 PCCF(N), Ranchi has forwarded the query to DFO, Jamshedpur. On 11.02.2025 HCL has received the query online in PARIVESH portal from DFO, Jamshedpur. Reply to the EDS submitted on 12.02.2025 by HCL.

HCL is actively and consistently following up with concerned authorities to ensure that requisite forest clearances are accorded at the earliest.

16. The Committee while appreciating the steps taken by the HCL to resolve issue related to Stage-I Forest clearances for an area of 413 hectares of forest area presently within Kendadih mining lease and 99 hectares of forest land presently within Rakha Mining lease note that reply to the EDS are under preparation by HCL w.r.t. Kendadih

Mine and will be submitted shortly on the online query received by HCL on 13.2.2025 in PARIVESH Portal from DFO, Jamshedpur. The Committee recommend that HCL should proactively resolve the queries as and when received and also engage with the MOEFCC and relevant State authorities like forest department, local administration etc. and ensure that requisite forest clearances are accorded to ensure production and mining activities start at the earliest. The Committee may also be apprised of the further progress made in this regard.

Recommendation Serial No.15

17. The Committee are of the opinion that physical verification of the progress of CSR activities on regular basis by higher Officers of the Company will help in expediting completion of the CSR Projects in a time bound manner as recommended in earlier reports of the Committee. The Committee would, therefore, like Ministry to undertake a physical verification of CSR projects on quarterly basis and apprise them in this regard. The Committee also recommend that strict monitoring with effective use of AI should also be taken into the account. As assured by the Ministry in a written reply the Committee be apprised about the factual status in this matter after receiving the detailed information from the State Government at the earliest.

18. In their action taken reply, the Ministry of Mines have stated as under: -

Ministry of Mines has three PSUs namely NALCO, HCL and MECL. These three PSUs have planned ₹57.93 Cr, ₹8.49 Cr and ₹1.09 Cr respectively as CSR expenditure during FY 2024-25, in line with the guidelines issued by Ministry of Corporate Affairs under the Companies Act, 2013. As desired by the Committee, the PSUs would be advised to appoint independent auditor (third party) to carry out the physical verification of the CSR projects on quarterly basis, and to submit the status report to the respective CSR Committee and Board of Directors of the PSUs for close monitoring. The quarterly report of the CSR projects will be submitted to the Standing Committee in due course.

19. The Ministry in their action taken reply assured that the PSUs would be advised to appoint independent auditor (third party) to carry out the physical verification of the CSR projects on quarterly basis, and to submit the status report to the respective CSR Committee and Board of Directors of the PSUs for close monitoring, the Committee may be apprised about the factual status in this matter after receiving the detailed information from the State Government at the earliest.

CHAPTER-II

OBSERVATIONS/RECOMMENDATIONS WHICH HAVE BEEN ACCEPTED BY THE GOVERNMENT

Utilisation of allocated resources

Recommendation Serial No:1

1. The Committee note that the budgetary allocations made to the Ministry of Mines including its attached/subordinate offices, such as Geological Survey of India (GSI), Indian Bureau of Mines (IBM), National Mineral Exploration Trust (NMET), etc. have been utilized for various projects, schemes, programmes etc. during the last three financial years beginning from 2021-22. The actual utilization is in the range of 90-99.50% of the allocations made at Revised Estimates (RE) stage during the said period. The Committee compliment the Ministry for using the allocated resources in a prudent manner for achieving the intended objectives. They hope that the trend will continue in future also and suggest that suitable measures be taken to ensure their utilization in future also.

Reply of the Government:

Ministry is grateful for the observations of Hon'ble committee and it will ensure continued optimal utilization of allocated resources in future also. All Organisations and Divisions of this ministry are regularly reminded to comply with Monthly and Quarterly Expenditure plans to ensure proper utilization of available provisions. For the current F.Y. 2024-25 also, expenditure of ₹2922.00 cr (which is 93.26% of Revised Estimate (RE) of ₹3133.00 cr) has already been incurred.

Ministry of Mines O.M. No. 5/1/2024-IF (575) dated 3rd of March, 2025

Geological Survey of India(GSI)

Recommendation Serial No:2

2. There are five missions – (i) Base line geoscience data, (ii) Natural Resource Assessment, (iii) Geoinformatics, (iv) Fundamental and multi-disciplinary Geoscience and (v) Training and capacity Building. The Committee note that targets given for carrying out various activities under these Missions such as thematic and geo chemical mapping, marine surveys, geological studies, research and development and training courses, etc. for the last three years have exceeded the given targets as may be seen from Annexure-II. While appreciating such a noteworthy performance, the Committee would like to be apprised of the concrete outcomes of such targets and its impact on discovery of new mineral deposits.

Reply of the Government:

- The Baseline geoscience data generated from Specialized Thematic Mapping (STM), National Geochemical Mapping (NGCM), National Geophysical Mapping (NGPM), National Aero-Geophysical Mapping Programme (NAGMP) and Marine and Coastal surveys are of paramount importance as a primary step towards comprehensive understanding of the geological set-up that is inter-alia essential for identifying areas with potential mineralized zones. That apart, these studies help in understanding various earth-science processes that has application in natural hazard mitigation and other geoscientific issues.
- GSI has geologically mapped **99.27%** of the mappable part of the country (31.23 lakh sq km) on 1: 50,000 scale under systematic geological mapping.
- GSI increased its momentum manifold to acquire the baseline geoscience data using the state-of-the-art instruments and modern technologies.

Key achievements of GSI:

(i) Baseline geoscience data:

- **Specialised Thematic Mapping (STM):** Till December 2024, a total of **4.38 lakh sq. km.** area has been covered under STM under STM on 1:25K scale.
- **National Geochemical Mapping (NGCM):** GSI already completed the geochemical mapping of **21.39 lakh sq. km** in the targeted priority areas to derive anomalous zone/s of elemental concentration which may be prospective for future mineral investigation as well as for use in environmental, agricultural, human health, other social concerns.
- **National Geophysical Mapping (NGPM):** This geophysical mapping program (1:50K scale) has covered an area of **15.71 lakh sq. km** till December 2024. NGPM surveys are carried to study and infer about subsurface geological bodies / structures, which provides signature for possible mineral concentration.
- The mineral exploration projects taken up as spin off from previous baseline geoscience projects viz. STM, NGCM, NGPM are as follows;

Activity/Year	2020-21	2021-22	2022-23	2023-24	2024-25	Total
STM	17	20	29	21	34	121
NGCM	15	37	18	29	56	155
NGPM	4		1		2	7
STM + NGCM	5	4	5	3	8	25
NGCM + NGPM	11	1	2	1	7	22
Total Mineral exploration projects taken up as spin-off	52	62	55	54	107	330

- **National Aero-Geophysical Mapping Programme (NAGMP):** NAGMP, another flagship programme of GSI was launched to acquire uniform aero-geophysical data over the potential areas through outsourcing using NMET fund. Till December, 2024 **4.75 lakh sq. km** has been covered. **Till date, a total of 331 mineral prospective areas** have been identified in Rajasthan, Gujarat, Madhya Pradesh, Uttar Pradesh, Chhattisgarh, Telangana, Andhra Pradesh, Maharashtra and Karnataka based on NGPM survey.
- **Marine and Coastal Surveys:** GSI has systematically mapped about **20.43 lakh sq km** within Exclusive Economic Zone (EEZ) of the country till December, 2024. **Based on the acquired marine geoscientific data, GSI has delineated 5.89 lakh sq km as Offshore Prospective Area (OPA) for focused explorations** for Lime Mud, Fe-Mn encrustation, hydrothermal minerals and Phosphorite/ phosphatic sediments, heavy minerals, construction sand etc. Out of this OPA area, Preliminary Mineral Exploration (PME)[G4] completed in **3.09 lakh sq. km** area within EEZ till December 2024.

(ii) Natural Resource assessment:

- Based on the outcome of baseline geoscience and R&D projects, GSI takes up different stages of mineral exploration following the guidelines of United Nations Framework Classification [UNFC stage viz. reconnaissance surveys (G4), preliminary exploration (G3) and general exploration (G2)]. The break-up of different mineral exploration programmes taken up by GSI in the last four years and current year is given in the table below;

Details of M-II projects (including energy minerals: in nos.)	2020-21	2021-22	2022-23	2023-24	2024-25
G2/ G3/ G4 project	158	212	271	307	354
Coal & Lignite projects	22	10	12	16	22
Offshore exploration projects	18	11	12	11	15
Critical Mineral Assessment Program (CMAP) projects	-	-	-	-	16
Regional Mineral Targeting (RMT) projects	10	11	15	15	15
Research and Geothermal projects	8	7	9	11	16
Total Mineral Exploration projects	216	251	319	360	438

- Some of the significant mineral blocks developed by GSI through mineral exploration projects across the country in the recent years are;
- REE ore in Kawalapur (27.95 MT), Maharashtra; Batesarhan, Bihar (64.16 MT); Gundlupet, Karnataka (11.48 MT).
- Tungsten ore (20.12MT), Lithium ore (6.33 MT) in Rewat Hill, Rajasthan.
- Nickel ore in Banasandra, Karnataka (2.46MT).
- Vanadium ore (9.6MT) and Graphite ore (5.8MT) in Radhpu block, Arunachal Pradesh; Vanadium ore (16.96MT) Adhamaniya block & Graphite ore (15.40MT) in Jharkhand.

- Copper ore (33.73MT) in Madansahi-Kesharpur East, Odisha; Copper ore (2.73MT) & Gold ore (0.73MT) in Machanur West Block, Karnataka.
- Potash ore in Satipura sub-basin blocks, Rajasthan (13.77MT).
- Phosphorite ore in Sambalpur (9.44 MT) and Bhedi (11.88MT) blocks, Chhattisgarh
- Gallium ore (15.72MT) & Vanadium ore (54.09MT) in North of Rouni block, Chhattisgarh.
- Iron Ore in Barpada South (82.98MT) and Gadadharpur Blocks (296.45MT), Odisha.
- As an outcome of the exploration activities of GSI, since MMDR Amendment Act, 2015 and 2023, **307 resource bearing G2/G3 reports** on various mineral commodities have been handed over to the concerned State/Central Governments for consideration in the auctioning process. Following MEMC Amendment Rules, 2021 (MMDR Amendment Act, 2021 and 2023), **343 Geological Memorandums (G4 stage of UNFC)** on various mineral commodities were handed over to the State/Central Governments for auctioning as composite license.
- Following the MMDR Amendment Act, 2023, GSI has submitted **34 Exploration License Blocks** to the Ministry of Mines for consideration in the auction process.
- As an outcome of the exploration of energy mineral (coal & lignite), GSI has handed over **51 resource bearing G2/G3 reports** to the Ministry of Coal since MMDR Amendment Act, 2015.
- Based on the offshore exploration by GSI, **35 Geological memorandum (GM) blocks** for mineral commodities such as heavy mineral placers (16), construction sand (9), lime mud (3), and polymetallic crust and nodules (7) have been prepared and submitted to the Ministry of Mines under the Offshore Areas Mineral Development and Regulation (OAMDR) Amendment Act, 2023.

(iii) Data Integration and Information Dissemination;

- The **Online Core Business Integrated System (OCBIS)** is an integrated Enterprise Portal connecting all users and operates the technical and administrative business process of GSI online. It has 31 business modules enables all GSI geoscientists and administrators to collect, process, analyze, store and disseminate data and information. External users can also access the Bhukosh geoscientific data repository for viewing and downloading of geospatial data for analysis.
- **National Geoscience Data Repository (NGDR) portal**, a flagship initiative conceptualised by Ministry of Mines is a cloud-based portal created and managed by GSI to expedite and facilitate mineral exploration coverage of the country by hosting all baseline and exploration-related geoscientific data in a single GIS platform, making it available to all the stakeholders and disseminate the geospatial data in a single window system free of cost.

(iv) Fundamental and Multidisciplinary geoscience

- Mapping and mineral exploration activities at GSI are complemented by fundamental research across various geoscience domains, providing essential inputs for mapping and exploration projects, as well as contributing to the overall advancement of

geoscience. GSI has incorporated several modern analytical facilities, such as Laser Ablation Multi Collector Inductively Coupled Plasma Mass Spectrometer (LA-MC-ICP-MS), High Resolution Secondary Ion Mass Spectrometer (HR-SIMS), Raman Spectroscopy etc. alongside existing state-of-the-art laboratories, including stable isotope and radiocarbon dating facilities, an electron probe micro-analyzer, XRF, XRD, CL microscopes and a laser particle-size analyzer. Since FS 2021-22, GSI has taken up 78 projects on fundamental research on mineral exploration related studies to help in understanding mineral enrichment process.

(v) Training and Capacity Building

- Geological Survey of India Training Institute (GSITI) serves as a premier national training facility for geoscientists from GSI, Central and State Departments, PSUs and Private Industries and International geoscientists. It imparts training on various Orientation courses, Thematic, Administrative, Management, promotion linked and international courses.
- In the last five years, GSITI conducted 1207 training programs including 253 programmes exclusively on mineral exploration, both for critical and other mineral commodities. Around 81000 geoscience professionals and 127 foreign geoscientists were imparted training including 15027 geoscience professionals, who have been imparted training specially on mineral exploration.

Ministry of Mines O.M. No. 5/1/2024-IF (575) dated 3rd of March, 2025

Survey and Mapping

Recommendation Serial No.3

3. The Committee observe that for the year 2024-25, the Budget sought for Survey and Mapping (Mission-I) activities of GSI is ₹192.00 crore whereas Budget Allocated was ₹74.75 crore hence there is a shortfall of ₹117.25 crore under the head. For the year 2023-24 the BE was ₹135 crore and RE was ₹123 crore. Hence, there is a decrease of 39.42 % under the head Survey and Mapping (Mission-I) for 2024-25 as compared to 2023-24. Now, the Ministry has sought an additional amount of ₹101.25 crore at RE stage for 2024-25. The Committee feel that since, Survey and Mapping is crucial for creation and updating of national geoscientific database through ground, marine and airborne surveys, shortfall in funds may hinder the implementation of this important programme. The Committee, therefore, while desiring to know the reasons for decrease in allocation also emphasize that the Ministry should ensure optimal utilization of additional funds sought in 2024-25 and also make available adequate funds for this programme at the BE stage in future.

Reply of the Government:

In the current F.Y. 2024-25, GSI received ₹171.30 crore in RE with an increase of ₹ 47.90 crore than the RE allocation for F.Y. 2023-24 (₹ 123.40 crore). The enhanced fund under the

head Survey and Mapping (Mission-I) will be utilized for smooth implementation and execution of all the activities under Mission-I. It is expected that the budget grant received at RE stage for Survey and Mapping will be optimally utilized by 31.03.2025.

Ministry of Mines O.M. No. 5/1/2024-IF (575) dated 3rd of March, 2025

Comments of the Committee
(Please see para 7 of Chapter I of the Report)

R&D

Recommendation Serial No.4

4. As per the information furnished to the Committee, under R&D Head (M-IV) of GSI there is a decrease of 37.06% against last year's allocation. During 2023-24 the BE was ₹17.40 crore and actual expenditure was ₹17.30 crore. Now BE for the year 2024-25 is ₹10.95 crore. Since, R&D plays a very crucial role in the development of any Organisation the Committee feel that a review on allocation for the purpose may be carried out.

Reply of the Government:

GSI undertakes various R&D activities with an aim to supplement mineral exploration and also other public good geoscience research projects like landslide studies, environment geology projects paleontological studies etc. Allocation for R&D has been increased to ₹ 11.05 crore in RE-2024-25. Moreover, the allocation for R&D activities in FY-2025-26 is increased to ₹13.00 crore for carrying out the R&D activities in GSI.

Ministry of Mines O.M. No. 5/1/2024-IF (575) dated 3rd of March, 2025

Comments of the Committee
(Please see para 10 of Chapter I of the Report)

Critical Mineral Mission

Recommendation Serial No.5

5. The Committee note that subsequent to the amendment carried out to Mines and Minerals (Development & Regulation) Act, 1957 in August 2023, empowering the Central Government to exclusively auction mining leases and composite licenses in r/o critical and strategic Minerals specified in part D of the first schedule of the Act, Ministry of Mines has successfully auctioned 22 critical mineral blocks. The blocks having minerals such as Lithium, REE, Graphite, Vanadium, Nickel, Chromium, Cobalt, Manganese, Glauconite, Platinum Group of Elements (PGE), Tungsten, and Phosphorite, are spread across the States of Andhra Pradesh, Arunachal Pradesh, Bihar, Madhya Pradesh, Karnataka, Odisha, Tamil Nadu, Uttar Pradesh and Chhattisgarh. States of Arunachal Pradesh, Bihar and Tamil Nadu has marked their presence on the auction map of India with their maiden auctions of critical and strategic mineral blocks. The Committee while appreciating the Ministry of Mines for completing the auction of 22 critical Mineral blocks within a year of amending the Act

in 2023, they suggest to ensure that the blocks auctioned will start process for excavation and other related matters at the earliest in coordination with other stakeholders. They also suggest to draw road map for auctioning the remaining blocks at the earliest.

Reply of the Government:

The Ministry of Mines is actively coordinating with the respective State Governments, Ministry of Environment, Forest & Climate Change (MoEF&CC), and other regulatory agencies to ensure that the 24 auctioned critical mineral blocks proceed towards exploration, lease execution, and operationalization at the earliest.

Ministry of Mines vide Office Memorandum dated 20th February, 2024 has requested MoEF&CC for streamlining of forest clearance and environmental clearance for projects of critical and strategic minerals including ancillary projects, in order to facilitate early operationalization of mineral blocks granted through auction.

Further, a dedicated Project Management Unit (PMU) has been established to track the progress of each auctioned block and assist in resolving any procedural delays in getting required clearances and approvals in a time-bound manner. The establishment of the PMU will help to streamline regulatory processes and expedite clearances. The Ministry has set quarterly milestones for tracking the progress of auctioned blocks and resolving challenges through a structured mechanism. The fifth tranche of critical mineral auctions has been launched recently on 20th January, 2025 and preparation for identification of blocks for next tranche has been initiated to achieve the target of auction of 100 critical mineral blocks by 2030.

Ministry of Mines O.M. No. 5/1/2024-IF (575) dated 3rd of March, 2025

Indian Bureau of Mines (IBM)

Recommendation Serial No.6

Star ratings to Mines

6. Indian Bureau of Mines (IBM) is empowered to give star ratings of Mining leases for the efforts and initiatives taken for implementation of Sustainable Development Framework (SDF). As per the data furnished by IBM 1039, 1181 and 1256 lessees of Mines have filed Sustainable Development Framework (SDF) templates for validation by IBM during 20-21, 21-22 and 22-23 respectively. The data shows that out of the afore mentioned DF template applications filed, 76 Mines have got star ratings in 2022-23. The status of the remaining SDF templates filed for validation is not given by IBM. The Committee therefore would like to be apprised of (i) the time taken for processing of the SDF templates. Whether there is any prescribed maximum time limits with in which the validation of SDF templates needs to be done and star ratings are given; and, (ii) how many of the SDF templates received for validation and accorded star ratings during 2021-22, 2022-23 and 2023- 24. The Committee also suggest that in

case there is no time limit for considering SDF templates of lessees and according star ratings, maximum time may be prescribed for the purpose.

Reply of the Government:

As per Rule 35 of MCDR 2017 it is mandatory for every lease holder to monitor his mining and allied activities as per the notified template of star rating in the format prescribed by the Indian Bureau of Mines (IBM). It is also mandatory to submit online self-assessment report every year for the previous financial year. The self-assessment report submitted by the lease holder is validated by the inspecting officer of IBM through inspection and final star rating is awarded.

IBM awards star rating to each mine for which online self-assessment report has been submitted. Based on the performance of the lease holder, star rating ranging from 0 to 5 is awarded to each mine. Thus, every lease holder who submits online self-assessment report gets a star rating from 0 to 5; wherein 5 star is considered the highest star rating awarded for exemplary work towards sustainable development. The lease holders of 5 star rated mines are felicitated every year. The complete list of star ratings from 0 to 5 star, awarded to all the lease holders every year, is published on the website of Indian Bureau of Mines.

Accordingly, it is submitted that:

- i. There are timelines prescribed for filing of Star Rating Template (self-assessment) in the rule itself (Rule 35 of MCDR 2017) which is before 1st July for the preceding year. Further, submitted templates are being validated by 31st March. A copy of list having Star Rating of Mines published for the performance year 2022-23 for all 1256 SDF template applications is attached at **Annexure I** for reference. Validation for the year 2023-24 is in the Final Stage and will be completed and ratings will be published by the third week of March.
- ii. For the years 2021-22, 2022-23 and 2023-24; total 1199, 1256 and 1250 Star Rating Templates were submitted by the leaseholders respectively. Validation for the year 2023-24 is under process and the status of validated Star Rating of Mines for the years 2021-22 and 2022-23 is as follows:

Ministry of Mines O.M. No. 5/1/2024-IF (575) dated 3rd of March, 2025

Technological upgradation and Modernization

Star Rating	No. of Mines	
	2021-22	2022-23
5 out of 5	76	68
4 out of 5	269	285
3 out of 5	734	776
2 out of 5	46	53
1 out of 5	63	48
0 out of 5	11	26
Grand Total	1199	1256

Recommendation Serial No.7

7. IBM stated that it gathers information through its Regional Offices (RO) on the best practices being adopted by the lease holders on various aspects of mining and compiles it in the form of technical publication. The Committee note that even after three years of such compilation, the technical publication is yet to come out. The Committee are of the view that such a technical publication will be of immense use to the mine lessees and suggest that the same should be brought out at the earliest for the benefit of future lease holders of Mines.

Reply of the Government:

During the year 2024-25, IBM has published booklet showcasing best practices in sustainable mine closure of mines and same was released at the 3rd Mining Ministers Conference held on 20th January, 2025.

Another technical publication named "Automation in Indian Mining Industries", has been prepared, with an aim to explore the current landscape of automation in the Indian mining sector, examining both the advancements and the barriers that have shaped its evolution. This publication delves into the various facets of automation technologies, including robotics, artificial intelligence, machine learning, and assesses how these innovations are being applied to improve safety, productivity, cost effectiveness and environmental management in mining operations. This will shed light on the importance of innovation in driving the future efficient and sustainable mining. The publication named "Automation in Indian Mining Industries" will be uploaded on IBM web site shortly for benefit of all mining stakeholders.

Ministry of Mines O.M. No. 5/1/2024-IF (575) dated 3rd of March, 2025

Mine Surveillance System (MSS)

Recommendation Serial No.8

8. The Committee note that technological and modernization scheme, IBM implements Mine Surveillance System (MSS) under which it generates preliminary triggers for major minerals and send them to State Governments for field verification. The Committee note that during 2022-23, MSS generated 61 preliminary triggers for major minerals and uploaded on the portal for further transmission to the State Governments. Field verification was received in respect of 24 triggers and out of these; unauthorized mining has been confirmed in seven major minerals by the state Govts. Similarly during 2023-24 also MSS generated 138 triggers, sent 40 triggers to State Governments for field verification and in seven cases unauthorized mining have been detected. The Committee while appreciating the contribution of IBM in detecting illegal mining and thereby plugging the leakages to the Governments revenues, they suggest IBM may request State Govts to carryout field verification of all the triggers generated to detect and confirm the illegal mining. This, the committee believe, will go a long way in improving the revenues of the Government in a significant manner. Further, it also helps in deterring illegal mining in future.

Reply of the Government:

IBM has been following the matter with the concerned state governments to speed up the field verification of the triggers communicated to them. IBM has issued a letter to all the concerned State Governments on 13.10.2022 requesting them to carry out field verification of the triggers at the earliest. Subsequently, IBM also requested Ministry of Mines on 30.09.2023 to issue a letter to all the concerned State Governments advising them to complete the pending field verifications. Instructions have been issued to all Regions in this regard from HQ after a V.C. was held on 29.11.2024, in this regard to contact State Governments requesting to undertake the verification of all triggers at the earliest. Accordingly, the matter is being pursued with them.

Ministry of Mines O.M. No. 5/1/2024-IF (575) dated 3rd of March, 2025

**Comments of the Committee
(Please see para 13 of Chapter I of the Report)**

Recommendation Serial No.9

9. The Committee note that though the Ministry is generating double the revenue through auctions, development and welfare of the benefit of the local communities is not happening on a scale commensurate with the increase in revenues generated through auctions. The Committee, therefore, recommend that the Ministry should take appropriate steps to ensure the development of the locals, in consultation of all the stakeholders.

Reply of the Government:

As per the Mine and Minerals Development Regulation (Amendment) Act, 2015, in every district affected by mining-related operations, the state government shall, by notification, establish a trust as a non-profit body to be called the District Mineral Foundation (DMF).

The objective of DMF is to work in the interest and benefits of persons and areas affected by mining-related operations in a manner as may be prescribed by the State Government. The operation of DMFs falls under the jurisdiction of the relevant State Government. As such subject matter of the Point No.9 is under the purview of concerned State Governments.

The functioning of the DMF trusts and the fund use governed by states' DMF Rules incorporate the mandates of Pradhan Mantri Khanij Kshetra Kalyan Yojana (PMKKKY), a scheme of the Ministry of Mines for the welfare of people & affected areas by using the funds accrued under DMF. At least 70% the DMF fund have to be utilized for "High Priority Areas" like Drinking water supply, Environment preservation & pollution control measure, Health care, Education, etc. and rest of the fund are utilized for "Other Priority Areas", such as Physical infrastructure, Irrigation, Energy & watershed development and Measures for enhancing environmental quality.

As per the information available on Ministry of Mines's website, so far DMFs have been set up in 645 districts in 23 States which have framed DMF rules. In January 2024, Ministry of Mines vide order No.16/53/2022 M.IV dated 15.1.2024, have issued revised PMKKY guidelines after incorporating the suggestions from stakeholders, for improving the impact, enhancing the effectiveness and widening the scope of the PMKKKY scheme.

Ministry of Mines O.M. No. 5/1/2024-IF (575) dated 3rd of March, 2025

Recommendation Serial No.10

10. The Committee note that till date NMET has approved 362 projects of mineral exploration involving an amount of ₹966.53 crore. Out of these, 223 projects have been completed and 139 projects involving an amount of ₹299.31 crore are ongoing. The Committee would like to be apprised of the concrete outcome of these 223 exploration projects and also suggest that the remaining 139 projects may be expedited at the earliest.

Reply of the Government:

In respect of the 237 completed NMET funded mineral exploration projects (as on date: 31/01/2025), following are the outcomes:

1. 19 blocks carved out from 17 projects have been successfully auctioned (04 of critical minerals and 15 are of non-critical minerals).
2. Notice Inviting Tender (N.I.T) has been issued in 04 blocks/projects for auction.
3. 20 projects have been upgraded to advance stage of exploration.
4. 39 are in the process of upgradation.
5. 82 projects are considered to be as auctionable.
6. 75 projects are found to be non-feasible for any further upgradation/exploration.

It is respectfully submitted that recommendations of Hon'ble Committee have been duly noted & efforts will be made to expedite the remaining ongoing project through regular monitoring and review.

Ministry of Mines O.M. No. 5/1/2024-IF (575) dated 3rd of March, 2025

Performance of Hindustan Copper Limited (HCL)

Recommendation Serial No.11

11. The Committee are glad to note that HCL, a Mini Ratna Category-1 is not dependent on budgetary grants from the Government during the last three financial years. It met all its funding requirements for Replacement & Renewal, Green field exploration, Mine Development and expansion projects from Internal and Extra Budgetary Resources (IEBRs). It's entire CAPEX of ₹1,290 crore was met through IEBRs only. The Company earned Profit After Tax (PAT) of ₹965 crore during the same period. Further, it consistently paid dividends in the last three Financial years and the total dividend paid by the company for the period amounted to ₹ 235 crore. The

aforementioned data clearly shows that its operations are generating healthy cash flows to invest further in its operations to expand production, productivity and to pay dividends. All indications shows that the Past performance, more or less, is likely to be repeated in the current financial year 2024-25 also. The Committee suggest that relevant steps be taken to enable the Company to achieve newer heights in future.

Reply of the Government :

HCL's ongoing mine expansion plan is on track. Gradually MCP will achieve 5MTPA production and company will achieve 9.6 MTPA capacity. Also HCL has Awarded (LoA) on 25.11.2024 to M/s. South West Mining Ltd, Rajasthan as Mine Developer-cum-Operator (MDO) for re-opening, expansion & operation of Rakha ML (which includes Chapri Mine also) through underground mode of mining & commissioning of new concentrator plant. All these steps will help HCL to make more profit and to achieve newer heights in future.

Ministry of Mines O.M. No. 5/1/2024-IF (575) dated 3rd of March, 2025

Recommendation Serial No.12

12. The Committee note that request of the Company for stage-I forest clearances for an area of 413 hectares of forest area presently within Kendadih mining lease and 99 hectares of forest land presently within Rakha Mining lease is lying with State and Central Governments. The matter may be taken up at regular intervals with the authorities concerned to ensure that requisite forest clearances are accorded at the earliest.

Reply of the Government:

The present status of Stage-I forest clearance for an area of 413.477 ha of balance forest area present with in Kendadih Mining Lease and 98.932 ha of balance forest area present with in Rakha Mining Lease is as follows:

a) Kendadih Mine:

The reply submitted by HCL was forwarded by DFO, Jamshedpur on 02.12.2024 to PCCF(N), Ranchi, on 11.12.2024 from PCCF(N), Ranchi to State Govt. and on 27.12.2024 from State Govt. to MoEF&CC, New Delhi respectively. MoEF&CC, New Delhi on 25.01.2025 has again raised 08 point EDS query through State Forest Secretary. HCL Team on 29.01.2025 met AIG(Forest), MoEF&CC, New Delhi and apprised the desired information of the EDS query. State Forest Secretary on 30.01.2025 has forwarded the query to PCCF(N), Ranchi. On 10.02.2025 PCCF(N), Ranchi has forwarded the query to DFO, Jamshedpur. On 13.02.2025 HCL has received the query online in PARIVESH portal from DFO, Jamshedpur. Reply to the EDS are under preparation by HCL and will be submitted shortly.

b) Rakha Mine:

The reply submitted by HCL was forwarded by DFO, Jamshedpur on 02.12.2024 to PCCF(N), Ranchi, on 11.12.2024 from PCCF(N), Ranchi to State Govt. and on 27.12.2024 from State Govt. to MoEF&CC, New Delhi respectively. MoEF&CC, New Delhi on 25.01.2025

has again raised 09 point EDS query through State Forest Secretary. HCL Team on 29.01.2025 met AIG(Forest), MoEF&CC, New Delhi and apprised the desired information of the EDS query. State Forest Secretary on 30.01.2025 has forwarded the query to PCCF(N), Ranchi. On 10.02.2025 PCCF(N), Ranchi has forwarded the query to DFO, Jamshedpur. On 11.02.2025 HCL has received the query online in PARIVESH portal from DFO, Jamshedpur. Reply to the EDS submitted on 12.02.2025 by HCL.

HCL is actively and consistently following up with concerned authorities to ensure that requisite forest clearances are accorded at the earliest.

Ministry of Mines O.M. No. 5/1/2024-IF (575) dated 3rd of March, 2025

Comments of the Committee

(Please see para 16 of Chapter I of the Report)

National Aluminium Company Limited (NALCO)

Recommendation Serial No.13

13. The Committee are glad to note that another Central Public Sector Enterprise (CPSE) – National Aluminum Company Limited (NALCO), A Navaratna, Company, is the lowest cost producer of Bauxite and alumina for the last five years. It has been continuously making profits and has been paying dividends for the last three financial years. It has paid a total dividend of ₹ 2,297 crore in the last three financial years. The Company is neither availing, nor proposes to avail any budgetary support from Government of India for its operations or for its CAPEX for expansion, renovation, modernisation of its plants and processes. It has funded its entire CAPEX from Internal and Extra Budgetary Resources (IEBRs) only. The performance of the company in terms of production, revenues, CAPEX, profits is likely to be repeated in the current financial year also. The Committee are also delighted to note that Panchatmali Bauxite mine has achieved highest ever annual Bauxite excavation of 76 lakh tonnes in 2023-24 surpassing the previous highest excavation of 75.50 lakh tonnes in 2022-23. The Committee hope that Company will continue its performance in future and contribute to nation building.

Reply of the Government:

NALCO continues to focus on operational efficiencies, advanced technological upgrades, and resource optimization to maintain its position as a low-cost producer. NALCO has prioritized improving the productivity and operational efficiency of the all its production units through the implementation of state-of-the-art technologies and improved management practices. The company is focused on maintaining and further increasing its capacity through its expansion projects to meet future demand while ensuring environmental sustainability.

The company's management remains committed towards maintaining this financial autonomy in its future projects.

Ministry of Mines O.M. No. 5/1/2024-IF (575) dated 3rd of March, 2025

District Mineral Foundation (DMF) & Pradhan Mantri Khanij Kshetra Kalyan Yojana (PMKKKY)" - CSR Activities

Recommendation Serial No.14

14. The Central Government's Model Trust Deed proposes a two-tier administrative structure for DMFs, including a Governing Council and Managing Committee. Most States have adopted this structure in their DMF rules, designating the District Magistrate/Deputy Commissioner/District Collector as the Chairperson and including MPs, MLAs, and MLCs as Governing Council members. The Committee suggest that Government may explore the feasibility under DMF Act for making Member of Parliament (Lok Sabha) representing the area/district concerned as Chairperson in the Governing Council of the District Mineral Foundation, to have voice of the public representative in an effective and efficient manner in DMF.

Reply of the Government :

Ministry of Mines issued the PMKKKY guidelines in January, 2024 to amplify the reach of the scheme and to ensure sustainable comprehensive development of the mining affected areas. DMF is meant to work for the interest and benefit of persons, and areas affected by mining related operations within the district, hence, it was felt necessary that the administrative head of the district should function as a chairman of the DMF and the elected representative of mining affected areas in the district is included as member of Governing Council. The said decision was taken to ensure accountability in effective utilization of DMF funds under Pradhan Mantri Khanij Kshetra Kalyan Yojna (PMKKKY).

Ministry of Mines O.M. No. 5/1/2024-IF (575) dated 3rd of March, 2025

Recommendation Serial No.15

15. The Committee are of the opinion that physical verification of the progress of CSR activities on regular basis by higher Officers of the Company will help in expediting completion of the CSR Projects in a time bound manner. As recommended earlier reports of the Committee, the Committee would, therefore, like Ministry to undertake a physical verification of CSR projects on quarterly basis and apprise them in this regard. The Committee also recommend that strict monitoring with effective use of AI should also be taken into the account. As assured by the Ministry in a written reply the committee be apprised about the factual status in this matter after receiving the detailed information from the State Government at the earliest.

Reply of the Government :

Ministry of Mines has three PSUs namely NALCO, HCL and MECL. These three PSUs have planned ₹ 57.93 Cr, ₹ 8.49 Cr and ₹1.09 Cr respectively as CSR expenditure during FY 2024-25, in line with the guidelines issued by Ministry of Corporate Affairs under the Companies Act, 2013. As desired by the Committee, the PSUs would be advised to appoint

independent auditor (third party) to carry out the physical verification of the CSR projects on quarterly basis, and to submit the status report to the respective CSR Committee and Board of Directors of the PSUs for close monitoring. The quarterly report of the CSR projects will be submitted to the Standing Committee in due course.

Ministry of Mines O.M. No. 5/1/2024-IF (575) dated 3rd of March, 2025

**Comments of the Committee
(Please see para 19 of Chapter I of the Report)**

Safety Standards in Mines

Recommendation Serial No.16

16. The Committee are of the view that safety of workers in the Mines has to be accorded top priority by the Ministry. The law relating to the regulation of labour and safety in mines as furnished by the Ministry is covered under the Mines Act, 1952, which is administered by the Ministry of Labour and Employment. The work related to inspection of mines, the functions and powers of the inspectors falls under the purview of the Mines Act, 1952. The Directorate General of Mines Safety, which functions under the aegis of Ministry of Labour and Employment. The Committee recommend that proper coordination between the Ministry of Mines and Ministry of Labour & Employment is required for the Safety of Mines workers. The Ministry of Mines should have regular meetings with the Ministry of Labour & Employment for better coordination. The Committee also note that the Ministry is regularly taking part in the safety related meetings like IMC 2023 etc., and recommend that the outcome of these meetings may be implemented in the Ministry for the Safety of the Mine workers. The Ministry of Mines may take expert advice of Ministry of Coal in this regard, if needed. The steps taken in this regard may also be intimated to the Committee.

Reply of the Government:

1. India Mobile Congress (IMC) is a digital technology forum across the globe for showcasing innovative solutions, services and state-of-the-art use cases for industry, government, academics, startups and other key stakeholders in the technology and telecom ecosystem. The Ministry of Mines actively participated in IMC, 2023 and 2024 with a special focus on demonstrating the potential use of 4G/5G/6G technology in the mining sector. Various companies collaborated to showcase innovative 5G use cases aimed at revolutionizing mining operations and significantly enhance operational efficiency, productivity and economic viability. The Ministry of Mines set up a dedicated 5G stall at IMC 2023, 2024 showcasing the pioneering 5G use cases, such as the remote operation of drilling machines by HZL, boulder detection by Tata Steel, operational efficiency improvements by UltraTech Cement Ltd., and an AI-based integrated workers' safety solution by HCL.

2. In this regard, the Ministry is encouraging adoption of the latest technology in mining activities to enhance operational efficiency and productivity. This also significantly minimize the hazards and risk associated with mining operations. However, Safety, health, and welfare

of workers employed in mines are regulated by the Mines Act, 1952 administered by Directorate General of Mines Safety (DGMS), under the Ministry of Labour and Employment.

The Ministry of Mines is working in close coordination with the Ministry of Labour and Employment. The DGMS participated in the National Mines Ministers Conference organized by the Ministry of Mines during 20-21 January, 2025. During the Conference, DGMS informed the participants about the major interventions by it to prevent principle hazards, occupational diseases & its prevention in mines, legislative measures, initiatives for prevention and control of notified diseases and coordination with the State Governments.

CHAPTER-III

OBSERVATIONS/RECOMMENDATIONS WHICH THE COMMITTEE DO NOT DESIRE TO PURSUE IN VIEW OF THE GOVERNMENT'S REPLIES

-NIL-

CHAPTER-IV

OBSERVATIONS/RECOMMENDATIONS IN RESPECT OF WHICH REPLIES OF THE GOVERNMENT HAVE NOT BEEN ACCEPTED BY THE COMMITTEE

Mine Surveillance System (MSS)

Recommendation Serial No.8

11. The Committee note that in technological and modernization scheme, IBM implements Mine Surveillance System (MSS) under which it generates preliminary triggers for major minerals and send them to State Governments for field verification. The Committee note that during 2022-23, MSS generated 61 preliminary triggers for major minerals and uploaded on the portal for further transmission to the State Governments. Field verification was received in respect of 24 triggers and out of these, unauthorized mining has been confirmed in seven major minerals by the State Govts. Similarly, during 2023-24 also MSS generated 138 triggers, sent 40 triggers to State Governments for field verification and in seven cases unauthorized mining have been detected. The Committee while appreciating the contribution of IBM in detecting illegal mining and thereby plugging the leakages to the Governments revenues, they suggest IBM may request State Govts to carryout field verification of all the triggers generated to detect and confirm the illegal mining. This, the committee believe, will go a long way in improving the revenues of the Government in a significant manner. Further, it also helps in deterring illegal mining in future.

12. In their action taken reply, the Ministry of Mines have stated as under:-

“IBM has been following the matter with the concerned state governments to speed up the field verification of the triggers communicated to them. IBM has issued a letter to all the concerned State Governments on 13.10.2022 requesting them to carry out field verification of the triggers at the earliest. Subsequently, IBM also requested Ministry of Mines on 30.09.2023 to issue a letter to all the concerned State Governments advising them to complete the pending field verifications. Instructions have been issued to all Regions in this regard from HQ after a V.C. was held on 29.11.2024, in this regard to contact State Governments requesting to undertake the verification of all triggers at the earliest. Accordingly, the matter is being pursued with them.”

Annexure II

Activity-wise physical performance of GSI in last three years (Financial Year 2021-22, 2022-23 & 2023-24)

Name of the Activity/Project	2021-22		2022-23		2023-24	
	Target	Achievement	Target	Achievement	Target	Achievement
MISSION-I : BASELINE GEOSCIENCE DATA						
a)Ground Survey						
i) Spl. Thematic Mapping (sq.km.)	23000	25843	19000	20019.4	23000	27325
ii) Geochemical Mapping (sq.km.)	240000	264542.80	250000	287436.88	120000	137591.57
iii) Geophysical Mapping (sq.km.)	100000	113609	100000	108450	100000	211345#
b)Marine Survey: Systematic coverage TW and EEZ (in sq. km) [Activity includes Bathymetry, Gravity, Magnetic survey, Sub-bottom profiling, Shallow Seismic Survey and Sampling]	20000	23911	1400	1400	1400	1507
Survey in International waters (in sq km): [Activities include Swath Bathymetry, Gravity, Magnetic survey, Sub-bottom profiling and sampling]	-	-	45000	70227	20000	21020
MISSION-II : NATURAL RESOURCE ASSESSMENT						
a) Large Scale Mapping (LSM) (sq. km.)	10000	12393.10	10200	15995.55	16000	18536
b) Detailed mapping (DM) (sq. km.)	120	200.11	125	186.71	150	216.212
c) Drilling (meter)	130000	154957.30	135000	180934.14	135000	118600.76*
d)Preliminary mineral investigation within EEZ(sq.km)	4000	4500	12000	16828	12000	15730
e) Close grid mineral investigation in EEZ (sq.km)	450	450	650	662	550	610
MISSION-III : GEOINFORMATICS						
Map & Publication projects (in nos.)	40	49	45	62	50	63
MISSION-IV : FUNDAMENTAL AND MULTIDISCIPLINARY GEOSCIENCE						
Multidisciplinary Geosciences projects (in nos.) [Activities include Landslide studies, Geodynamic and seismic studies with real time monitoring of earthquake, Antarctica & Glaciology expedition, Engineering Geology, Environment etc.]	85	113	95	119	100	111
Research & Development projects (in nos.) [Activities include petrology, paleontology, geochronology, meteorite, gemology, Himalayan geology, volcanology, Quaternary geology etc.]	50	52	40	43	40	42
MISSION-V : TRAINING AND CAPACITY BUILDING						
Training courses in GSITI (in nos.) [Activities include includes Orientation courses, Administrative courses, Thematic courses, management courses, promotion linked courses, International courses etc.]	125	293	130	147	150	177

Achievement includes progress of 99287 sq.km through outsourcing

The physical targets set for Field Season 2021-22 and 2022-23 were fully achieved with the completion of 994 and 1083 standard projects programmes during Financial Year 2021-22 and 2022-23.

* During the Field Season (FS) Year 2023-24, GSI achieved the physical target set for 1035 standard projects except for the target set for drilling in Mission-II activates. GSI could achieve 118600m drilling against the Annual target of 135000m till March 2024. The remaining target drilling of 16400m was completed by GSI in the first quarter of Field Season Year 2024-25. The following constraints/issues affected the drilling quantum during Field Season Year 2023-24.

1. The State Elections held during the peak field season (Nov.-Dec. 2023)
2. Late receipt of forest clearance
3. Difficulty in obtaining permission from land owners/existence of standing crop etc.
4. Difficulty in drilling due to unforeseen geological reasons.

MINUTES OF THE TWENTY-SEVENTH SITTING OF THE STANDING COMMITTEE ON COAL, MINES AND STEEL (2024-25) HELD ON 11th AUGUST, 2025 FROM 1015 HRS TO 1100 HRS IN COMMITTEE ROOM 'B', PARLIAMENT HOUSE ANNEXE, NEW DELHI

The Committee sat from 1015 hrs. to 1100 hrs.

PRESENT

Shri Anurag Singh Thakur - Chairperson

Lok Sabha

1. Shri Sukhdeo Bhagat
2. Shri Vijay Kumar Hansdak
3. Smt. Kamlesh Jangde
4. Shri Bidyut Baran Mahato
5. Shri Ananta Nayak
6. Smt. Bharti Pardhi
7. Dr. Manna Lal Rawat

Rajya Sabha

8. Shri Deepak Prakash
9. Shri Aditya Prasad
10. Shri Pradip Kumar Varma
11. Dr. Fauzia Khan

SECRETARIAT

- | | | | |
|----|--------------------------|---|------------------|
| 1. | Shri Harish Chandra Bist | - | Joint Secretary |
| 2. | Smt. Jagriti Tewatia | - | Director |
| 3. | Smt. Sunanda Chatterjee | - | Deputy Secretary |

2. At the outset, Chairperson welcomed the Members to the sitting of the Committee. The Committee, thereafter, considered and adopted the following draft Reports with slight modifications:-

- (i) Action Taken by the Government on the Observations/ Recommendations contained in the 1st Report (18th Lok Sabha) on Demands for Grants (2024-25) relating to the Ministry of Coal;
- (ii) Action Taken by the Government on the Observations/ Recommendations contained in the 2nd Report (18th Lok Sabha) on Demands for Grants (2024-25) relating to the Ministry of Mines;
