

Regarding need to develop a special policy for disposal of enemy properties-laid

SHRI PARSHOTTAMBHAI RUPALA (RAJKOT): It is evident that enemy properties are not being managed properly, due to which many obstacles are arising in the auction process. Auctioning of these properties can be significant from the financial point of view and also opportunity for the Central Government to make revenue out of it. I urge the Central Government to develop a special policy for speedy disposal of enemy Properties.
