

**Regarding Need for an elevated flyover in place of underpass proposed between Chinthalkunta Check post and Auto Nagar on NH-65 connecting Hyderabad and Vijayawada- Laid**

**SHRI EATALA RAJENDER (MALKAJGIRI):** I wish to bring to the Hon'ble Minister's attention that the proposed underpass between Chinthalkunta Check Post and Auto Nagar on NH-65 (Hyderabad-Vijayawada Highway) poses serious connectivity issues for over 100 residential colonies in the L.B. Nagar Assembly Constituency. The affected Greater Hyderabad Municipality Corporation (GHMC) Divisions- Vanasthalipuram, Hayathnagar, Mansoorabad, and B.N. Reddy Nagar-have voiced strong opposition and recommend an elevated flyover instead, which will maintain access to service roads and link roads. NH-65 has transformed into a major commercial hub with over 2-3 lakh daily commuters, including thousands of vehicles servicing the Auto Nagar Industrial Park. I urge upon the Union Government to stall the underpass project and direct the preparation of a Detailed Project Report (DPR) for an elevated flyover, ensuring public convenience and smooth traffic movement.
