

Regarding Need to set up a handicraft park at Vandavasi in Arani Parliamentary Constituency, Tamil Nadu to promote Korai products- Laid

SHRI THARANIVENTHAN M. S. (ARANI): In Arani Parliamentary Constituency, Vandavasi is well known as one of Tamil Nadu's major centers for Korai handicrafts, including mats, shawls, and other goods made from locally harvested korai grass. According to Trade India listings, the town hosts many small-scale artisans and family-run workshops specializing in ecofriendly korai products. There are dozens of suppliers and manufacturers based in Vandavasi offering korai mats at prices typically ranging from ₹100 to ₹160 per piece, with larger or higher-grade mats fetching much higher rates. In this regard, the public demand as well as my request to Hon'ble Minister of Textiles to set up a market park in vandavasi area in Arani Parliamentary Constituency.
