

Regarding establishment of a Jawahar Navodaya Vidyalaya in Adilabad Parliamentary Constituency, Telangana.-laid

SHRI GODAM NAGESH (ADILABAD): Adilabad District confronts significant challenges in providing quality education, resulting in a literacy rate of 63.46%, which is below the national average. Consequently, in my Adilabad Parliamentary Constituency our students often face difficulties in meeting the standards of central curricula. Jawahar Navodaya Vidyalayas are esteemed institutions under the Ministry of Education, Government of India, designed to offer quality education to rural and tribal students. Establishing a JNV in Adilabad would provide access to a curriculum that aligns with national standards, fostering academic excellence. Residential setup that promotes all-round growth, including extracurricular activities and life skills. The District Administration has demonstrated a strong commitment to this initiative, offering allocation of suitable land and temporary infrastructure to facilitate the establishment of the school. Assistance in the construction of permanent school buildings upon approval. Therefore, I request the Government to kindly sanction JNV at Adilabad.
