

Need to re-introduce the MP quota facility for admission of students in Kendriya Vidyalaya.-laid

SHRIMATI PRATIMA MONDAL (JAYNAGAR): I would like to draw the attention of the Government that recently I have been receiving calls from the parents whose son or daughter cracked medical or engineering exam after passing out from Kendriya Vidyalaya. These candidates were once admitted in KV from my MP quota, which gave me immense pleasure and satisfaction that I could play a part in helping them access a better future. I had supported the admission of more than 70 students to KV during 2014 to 2021. But unfortunately admission of students in KV from MP quota was abolished from 2022. My humble request to the Central Government and also to the Ministry of Education is to kindly reintroduce the MP quota facility for admission of students in KV from the next academic session.
