

Regarding need for establishment of a medical college/super specialty hospital in Malkangiri district of Odisha- laid

SHRI BALABHADRA MAJHI (NABARANGPUR): Malkangiri District in my Parliamentary Constituency, Nabarangpur, Odisha is provided with least medical facilities. For critical ailments the people of this District are forced to go to Visakhapatnam in Andhra Pradesh, which is about 300 KM away. Many times the patients are dying en-route to Visakhapatnam. It is therefore requested to sanction one medical college/Super Speciality Hospital for Malkangiri, so that precious lives of this District can be saved at a minimum cost.
