

Regarding approval for development of National Highway No. 183 along with other national highway projects in Kerala.- laid

SHRI N. K. PREMACHANDRAN (KOLLAM): The development proposal of NH ? 183 is pending with the Ministry. Sanction of development project is not yet issued. While the alignment was submitted for approval the Kollam High School junction to Kadavoor was omitted. Kollam is an important town and the traffic from Kollam High School to Kadavoor junction is heavy. If this portion of NH 183 is not developed it will be resulted in huge traffic block. Expedite the process of sanctioning development project of NH-183 and include Kollam High school to Kadavoor junction is inevitable. A proposal for extending NH 183A from Bharanikavu to Titanium junction in NH-66 is pending. The connectivity between NH 66 and NH 183 is highly necessary. Therefore, I urge upon the Government to issue sanction for the development project of NH-183 including the reach Kollam High School Junction to Kadavoor and amend NH ? 183A from Bharanikavu to Titanium junction in NH-66.
