

Regarding non providing of the benefits of the Crop Insurance Scheme 2024 to the farmers of Nanded district of Maharashtra

SHRI RAVINDRA VASANTRAO CHAVAN (NANDED): Hon?ble Chairman, today I rise to raise one very important issue related to my Nanded district. The benefits of the crop insurance scheme 2024 have not been provided to the farmers of my Nanded district. So, I want to request the Union Government to credit the benefits of this scheme to farmers accounts immediately. Banana growing farmers have incurred losses due unseasonal rains one and half month ago. The crop insurance company did not consider the loss of the banana crop and denied the insurance benefits. So, I would like to request the Government to set up an automatic whether station at Nanded.

We are going to celebrate the Birth Anniversary of the father of Green revolution, Dr. Swaminatham on 7th August. Hence, I would like to urge upon the Government that this day should be celebrated as Agriculture Student day. Thank you.
