- (e) if so, the details thereof along with the progress made so far and the expected timeline fixed for completion of the upcoming phases?

ANSWER

Minister of State in the Ministry of CIVIL AVIATION (Shri Murlidhar Mohol)

(a) to (c): Regional Connectivity Scheme-Ude Desh ka Aam Nagrik (RCS-UDAN) is market driven scheme in which the unserved and underserved airstrips/airports are listed for bidding by airlines to provide connectivity. Bidding rounds are conducted periodically for covering more destinations across the country, including Haryana.

Hisar Airport, owned by State Government of Haryana, was identified during the second round of bidding under this scheme.

RCS routes connecting Hisar to Chandigarh, Dharamshala and Dehradun were awarded to Air Taxi. However, these services were discontinued by the Selected Airline Operator (SAO), citing poor visibility issues at Hisar Airport.

Presently Alliance Air is operating State VGF supported flights on Hisar- Delhi, Hisar - Ayodhya and Hisar -Chandigarh routes.

(d) & (e): An expenditure of Rs.29.21 crore was incurred for its development and the airport was initially licensed under the 2B category. The State Government of Haryana has further upgraded the airport at its own cost. The airport has now been licensed for 4C category airport effective from 13.03.2025.
