(SHRI ASHWINI VAISHNAW)

(a) to (d) Pit Line facilities are planned and executed as per operational and maintenance requirement. Accordingly, works related to Pit Line facilities at Ramnagar, Kasganj and Lalkuan in North Eastern Railway Zone have been sanctioned and work has been taken up.

Contd.....2/-

At present, Thawe, Siwan and Deoria stations are being served by 14 pairs, 49 pairs and 52 pairs of train services respectively. Besides, introduction of new trains and provision of stoppages of trains are on-going processes on Indian Railways subject to traffic justification, operational feasibility, resource availability etc.

Further, the representations/requests, both formal and informal, are received from State Governments, Ministries of Central Government, Elected Representatives, Consultative Committees etc. by Railways at various levels including Railway Board, Zonal Railways, Division office etc. As receipt of such representations/requests is a continuous and dynamic process, centralized compendium of such representations/requests is not maintained. However, the representation/request etc. are dealt as per laid down procedure/guidelines.
