This issue was taken up many times as the people of the area are facing very hardship to cross the railway line for various purposes. Finally, it was agreed by Railways to construct a subway near to the demanded place and were trying to identify a suitable location for the construction of the subway to redress the grievances of people to cross to the other side of the railway track. However, the issue has not moved further as it seems the Railways has not taken any steps in this regard. This area comes under my Parliamentary Constituency, Salem. Therefore, I urge upon the honourable Minister of Railway to direct concerned to immediately construct a subway at above place urgently, so that the problems being faced by the people of the area can be resolved. I shall be highly grateful if you could look into it and please make sure that the dream of the people of the area comes true.
